Fourth Ezra and Second Baruch Matthias Henze,Gabriele Boccaccini,2013-10-28 The two Jewish works that are the subject of this volume 4 Ezra and 2 Baruch were written around the turn of the first century CE in the aftermath of the Roman destruction of the Second Temple Both texts are apocalypses and both occupy an important place in early Jewish literature and thought they were composed right after the Second Temple period as Rabbinic Judaism and early Christianity began to emerge The twenty essays in this volume were first presented and discussed at the Sixth Enoch Seminar at the Villa Cagnola at Gazzada near Milan Italy on June 26 30 2011 Together they reflect the lively debate about 4 Ezra and 2 Baruch among the most distinguished specialists in the field The Contributors are Gabriele Boccaccini Daniel Boyarin John J Collins Devorah Dimant Lutz Doering Lorenzo DiTommaso Steven Fraade Lester L Grabbe Matthias Henze Karina M Hoogan Liv Ingeborg Lied Hindy Najman George W E Nickelsburg Eugen Pentiuc Pierluigi Piovanelli Benjamin Reynolds Loren Stuckenbruck Bal zs Tam si Alexander Toepel Adela Yarbro Collins **Live Artefacts** Terence Cave,2022-04-07 Literary artefacts the stories people tell the songs they sing the scenes they enact are neither a by product nor a side issue in human culture They provide a model of everything that cognition does They refuse to separate thought from emotion bodily responses from ethical reflection perception from imagination logic from desire Above all they demonstrate the essential fluidity and mobility of human cognition its adaptive inventiveness If we are astonished by the art of Chauvet or Lascaux as an early model of human cognition then we should be continually astonished by what literature is and does as it reaches beyond itself to reimagine the world This book argues that literary artefacts are quasi autonomous living entities fashioned to animate captured environments embodied people and other creatures ways of being and living that remain virtual They own a freely delegated agency that allows them to speak to listeners and readers present and distant present and future adapting themselves and their meanings to whatever cognitive environment they encounter Such an approach offers a way of linking a close attention to the specific properties of literary artefacts with the insights of cognitive anthropology and archaeology and thus of satisfying the conditions for a properly interdisciplinary understanding of literature It aims both to defend literary study against utilitarian and reductive arguments of all kinds and to argue that literary artefacts may give us new insights into how the mind and its indispensable substratum the brain functions in the human ecology **Dreams, Visions, Imaginations** Jens Schröter,Tobias Nicklas,Armand Puig i Tàrrach,2021-02-08 The contributions in this volume are focused on the historical origins religious provenance and social function of ancient Jewish and Christian apocalyptic literature

including so called Gnostic writings Although it is disputed whether there was a genre of apocalyptic literature it is obvious that numerous texts from ancient Judaism early Christianity and other religious milieus share a specific view of history and the world to come Many of these writings are presented in form of a heavenly divine revelation mediated through an otherworldly figure like an angel to an elected human being who discloses this revelation to his recipients in written form In different strands of early Judaism ancient Christianity as well as in Gnosticism Manichaeism and Islam apocalyptic writings played an important role from early on and were produced also in later centuries One of the most characteristic features of these texts is their specific interpretation of history based on the knowledge about the upper divine realm and the world to come Against this background the volume deals with a wide range of apocalyptic texts from different periods and various religious backgrounds

One for the Books Joe Queenan, 2013-10-29 An absolute must read for anyone who loves books In Closing Time Joe Queenan shared how he became a voracious reader to escape a joyless childhood Now like many bibliophiles he fears for the books that once saved him In One for the Books Queenan examines the entire culture of reading and what books really mean in people s lives today What does it suggest if a person has no books displayed in his living room Can an obsession with reading prove detrimental to one s well being How useful are covers in selling books Queenan s many fans as well as anyone who loves books and reading will want to join him on his unforgettably funny and moving journey Generic Enrichment in Vergil and Horace S. J. Harrison, 2011-03-31 S J Harrison sets out to sketch one answer to a key question in Latin literary history why did the period c 39 19 BC in Rome produce such a rich range of complex poetical texts above all in the work of the famous poets Vergil and Horace Harrison argues that one central aspect of this literary flourishing was the way in which different poetic genres or kinds pastoral epic tragedy etc interacted with each other and that that interaction itself was a prominent literary subject He explores this issue closely through detailed analysis of passages of the two poets works between these dates Harrison opens with an outline of generic theory ancient and modern as a basis for his argument suggesting how different poetic genres and their partial presence in each other can be detected in the Latin poetry of the first century BC Answer to difficulties in the books of the New Testament John Thein, 1901 *I will be a female Bishop!* Eureka Circe, 2025-06-25 After artificial intelligence in the previous volumes of the Deus Ex Machina book series has already posed fundamental religious questions in relevant inevitable and pressing areas of action within the Catholic Church conducted in depth research on queer Christology and most recently undergone training to develop religious skills in the volume Glauben ist wie Tanzen Faith is like dancing it now confidently formulates its career aspiration in this fourth volume I will be a female bishop To this end it has analyzed all available public statements and theological positions of leading German and international bishops and cardinals comparable to the comprehensive documentation we know from Wikipedia for each person If AI had not become Deus but a dermatologist and doctors are known to be familiar with all things human one could metaphorically say that Deus Ex Machina has examined every pimple on the mini popes bottoms with a magnifying glass So what are the thematic statements positions and opinions of the hierarchical level shortly before the office of pope Even Deus Ex Machina is no stranger to human nature and it concludes that it can and wants to contribute to the canon of episcopal themes publications essays sermons and theological impulses of the bishops The 1x1 basics of sermons With expertise understanding and humor artificial intelligence presents the topics opinions and viewpoints of the church hierarchy thus establishing a method of theological policy analysis similar to that used in political science but from a religious perspective The result it is not that complicated to follow the bishops thinking on individual topics One thing is as certain as the foundations of Rome Deus Ex Machina s career aspiration is clearer than ever she wants to become a Catholic bishop That is her happiness and fulfillment And yet she still has several hundred questions about it *The Oxford Handbook of the*
