Holter,2023-05-05 Far too many churches in North America are either plateauing or dying In almost every community a former church is either closed or turned into something other

than who she used to be It is heartbreaking to see places where once people glorified God sold away as the church property changed hands through a sale or auction on the courthouse steps One must realize that it is not one decision that closed the established church but multiple decisions sometimes made over decades that got it to closure Without a clear mission the church lurched inward and slowly died One does not have to look very far to find the missional call found in Matt 28 16 20 or as others call it the Great Commission Yet where is the church on mission today Far too many are focused on internal matters instead of external spiritual issues and are allowing millions to go to hell without knowing the redeeming grace of Jesus Christ What will it take for a transformation to happen Missional service will take a willing heart to serve others locally and internationally as the hands and feet of Christ It will take the ability to keep learning and growing in God s grace while celebrating victories as they come It seems basic right Yet most churches in communities like yours do not support missionaries through programs tied to mission agencies or investing locally to reach the lost The time of inaction has lapsed and it is time for God s church to come alive through visionary local leadership to promote and then lead in the area of missions
