Holy Scripture A Dogmatic Sketch:

Holy Scripture John Webster, 2003-10-23 May we speak in the present age of holy scripture And what validation of that claim can be offered robust enough to hold good for both religious practice and intellectual enquiry John Webster argues that while any understanding of scripture must subject it to proper textual and historical interrogation it is necessary at the same time to acknowledge the special character of scriptural writing His 2003 book is an exercise in Christian dogmatics a loud reaffirmation of the triune God at the heart of a scripture based Christianity But it is written with intellectual rigour by a theologian who understands the currents of modern secular thought and is able to work from them towards a constructive position on biblical authority It will resonate with anyone who has wondered or worried about the grounds on which we may validly regard the Bible as God's direct communication with humanity The Heart of Dogmatics Bruce R. Pass, 2020-11-16 The christocentric character of Herman Bavinck's thought has long been acknowledged but an analysis of Bavinck's christocentrism has not been forthcoming The Heart of Dogmatics redresses this situation offering a comprehensive study of Bavinck's concept of a christocentric theological system Building on the more recent secondary literature Pass draws attention to many unexplored avenues in Bavinck's writings In particular Pass sheds light on the intimate connection between Bavinck's christocentrism and his organicism Delving deeply into Bavinck's appropriation of Reformed Orthodoxy and German Idealism Pass presents a compelling account of this thinker's attempt to establish Neo Calvinism as a modern orthodoxy By way of conclusion pertinent ways in which Bavinck's christocentrism may prove a useful resource for contemporary projects of theological retrieval are explored in a comparison of Bavinck and John Webster *Christian Dogmatics* Michael Allen, Scott R. Swain, 2016-04-19 This one volume introduction to systematic theology draws deeply on the catholic and Reformed heritage to present the major doctrines of the Christian faith displaying the power of theological retrieval for the church's renewal Leading Reformed theologians such as Kevin Vanhoozer John Webster Michael Horton and Oliver Crisp offer the state of the question on standard theological topics and engage in both exegetical and historical retrieval for the sake of theological analysis The book represents the exciting new theological trajectory of Reformed catholicity *The Doctrine of Scripture* Mark D. Thompson, 2022-03-22 A Clear and Concise Exploration of the Christian Doctrine of Scripture The Bible is the written word of the living God He speaks through this word working in and through human agents as he reveals himself to his people His word is trustworthy yet many Christians struggle to articulate why they believe that to be true Centered in the words of Scripture and especially the teaching of Jesus himself this volume unpacks the doctrine of Scripture as taught by the church through the ages helping to strengthen readers confidence in God's word Despite the challenges that are often leveled against the Bible Thompson clearly articulates what Jesus taught about the Scriptures how God speaks to his people through the written word the crucial work of the Holy Spirit to apply the word and the vital attributes of Scripture its clarity truthfulness sufficiency and efficacy Readers will find encouragement to walk

according to the word and to delight in the God who speaks Concise and Accessible Intended for use by church members and leaders as well as those in academic contexts Christ Centered Rooted in Jesus s own words about the Old Testament and his commissioning of the apostles who would go on to write the New Testament Addresses Common Questions Answers challenges about the Bible s clarity truthfulness sufficiency and efficacy **Sola Scriptura** ,2017-11-06 Sola Scriptura offers a multi disciplinary reflection on the theme of the priority and importance of Scripture in theology from historical biblical theological and systematic theological perspectives aiming at the interaction between exegesis and dogmatics Brian Brock and Kevin J Vanhoozer offer concluding reflections on the theme bringing the various contributions together

Playing with Scripture Andrew Judd, 2024-01-22 This book puts a creative new reading of Hans Georg Gadamer's philosophical hermeneutics and literary genre theory to work on the problem of Scripture Reading texts as Scripture brings two hermeneutical assumptions into tension that the text will continually say something new and relevant to the present situation and that the text has stability and authority over readers Given how contested the Bible's meaning is how is it possible to read Scripture as authoritative and relevant Rather than anchor meaning in author text or reader Gadamer's phenomenological model of hermeneutical experience as *Spiel* play offers a dynamic intersubjective account of how understanding happens avoiding the dead end of the subjective objective dichotomy Modern genre theory addresses some of the criticisms of Gadamer accounting for the different roles played by readers in different genres using the new term *Lesespiel* reading game This is tested in three case studies of contested texts the recontextualization of psalms in the book of Acts the use of Hagar's story Genesis 16 in nineteenth century debates over slavery and the troubling reception history of the rape and murder in Gibeah Judges 19 In each study the application of ancient text to contemporary situation is neither arbitrary nor slavishly bound to tradition but playful

The Task of Dogmatics Zondervan, 2017-11-21 Defining the Nature Process and Mission of Dogmatic Discourse Theologians often discuss method in a remote and preliminary way that suggests they are not yet speaking theologically when speaking methodologically But it is also possible to reflect on the work of Christian dogmatics in a way that is self consciously nourished by biblical reasoning resourced by tradition joined up with ecclesial practice and alert to spiritual dynamics Bringing together theologians who are actively engaged in the writing and editing of extended dogmatics projects The Task of Dogmatics represents the proceedings of the 2017 Los Angeles Theology Conference and seeks to provide constructive accounts of the nature of the dogmatic task The eleven diverse essays in this collection include discussions on Identifying theology's pattern and norm The validity and relativity of doctrinal statements The Apostle Paul and the task of dogmatics The retrieval of patristic and medieval theology Each of the essays collected in this volume engage with Scripture as well as with others in the field theologians both past and present from different confessions in order to provide constructive resources for contemporary systematic theology and to forge a theology for the future
