### **Hitmaker** Tommy Mottola, 2013-01-29

Much has been written about Tommy Mottola one of the most powerful visionary and successful executives in the history of the music industry He discovered developed and launched the careers of many superstars including Mariah Carey Celine Dion Shakira Jennifer Lopez and Gloria Estefan and is credited with creating the Latin Explosion He has had the privilege of working alongside Bruce Springsteen Billy Joel Bob Dylan Beyonce Michael Jackson Barbara Streisand the Dixie Chicks Pearl Jam Aerosmith Tony Bennett and Ozzy Osbourne amongst other music giants This is his story a story of the modern music industry from Elvis to the iPod through the eyes of the man who made much of it happen Hitmaker recounts how a kid from the Bronx and a college dropout became one of the music industry's most creative and controversial CEOs For the first time Tommy lays bare the facts behind the most sensational aspects of his life such as being married to and developing the career of Mariah Carey managing Michael Jackson's emotional ups and downs and the power struggle with his onetime boss and mentor Walter Yetnikoff Hitmaker will take you inside this world of power money and fame as he recounts the fascinating

dealings with countless icons and what it was like to be at the top when the business suddenly changed Tommy's story is one that will never be duplicated and here it is in his own voice for the first time      *Playlisting* Onur Sesigür, 2021-10-17 This book examines the collection and curation of music and the way digital streaming services are transforming the way we engage with the media The study foregrounds personal digital curation techniques rather than algorithms or technology to acknowledge the sustaining human agency involved in playlisting The author looks at Digital Service Providers such as Spotify Apple and Deezer which offer their users not just access to large collections of music but also the opportunity to create and maintain personalised consumption subsets such as playlists Positioning these current playlisting practices as a remediation of significant cultural practices of the 20th century such as collecting records and mix taping the book highlights the continuity of culture through media change and the implications for concepts of self and identity society and sharing Shedding new light on this contemporary cultural phenomenon this book will be an important read for scholars who are interested in the area of digital music from different disciplines such as communication digital humanities and social sciences in fields of media studies digital cultures personal information management digital curation and popular music      *Billboard*, 2006-10-28 In its 114th year Billboard remains the world's premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends      *The Content Trap* Bharat Anand, 2016-10-18 My favorite book of the year Doug McMillon CEO Wal Mart Stores Harvard Business School Professor of Strategy Bharat Anand presents an incisive new approach to digital transformation that favors fostering connectivity over focusing exclusively on content NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BLOOMBERG Companies everywhere face two major challenges today getting noticed and getting paid To confront these obstacles Bharat Anand examines a range of businesses around the world from The New York Times to The Economist from Chinese Internet giant Tencent to Scandinavian digital trailblazer Schibsted and from talent management to the future of education Drawing on these stories and on the latest research in economics strategy and marketing this refreshingly engaging book reveals important lessons smashes celebrated myths and reorients strategy Success for flourishing companies comes not from making the best content but from recognizing how content enables customers connectivity it comes not from protecting the value of content at all costs but from unearthing related opportunities close by and it comes not from mimicking competitors best practices but from seeing choices as part of a connected whole Digital change means that everyone today can reach and interact with others directly We are all in the content business But that comes with risks that Bharat Anand teaches us how to recognize and navigate Filled with conversations with key players and in depth dispatches from the front lines of digital change The Content Trap is an essential new playbook for navigating the turbulent waters in which we find ourselves Praise for The Content Trap A masterful and thought provoking book that has reshaped my understanding of content in the digital

landscape Ariel Emanuel co CEO WME IMG The Content Trap is a book filled with stories of businesses from music companies to magazine publishers that missed connections and could never escape the narrow views that had brought them past success But it is also filled with stories of those who made strategic choices to strengthen the links between content and returns in their new master plans The book is a call to clear thinking and reassessing why things are the way they are The Wall Street Journal Billboard ,2006-11-11 In its 114th year Billboard remains the world s premier weekly music publication and a diverse digital events brand content and data licensing platform Billboard publishes the most trusted charts and offers unrivaled reporting about the latest music video gaming media digital and mobile entertainment issues and trends

*The End of Big* Nicco Mele,2013-04-23 How seemingly innocuous technologies are unsettling the balance of power by putting it in the hands of the masses and what a world without big will mean for all of us In *The End of Big* social media pioneer political and business strategist and Harvard Kennedy School faculty member Nicco Mele offers a fascinating sometimes frightening look at how our ability to stay connected constantly instantly and globally is dramatically changing our world Governments are being upended by individuals relying only on social media Major political parties are seeing their power eroded by grassroots forces through online fund raising Universities are scrambling to preserve their student populations in the face of less expensive more accessible online courses Print and broadcast news outlets are struggling to compete with citizen journalists and bloggers Our traditional institutions are being disrupted in revolutionary ways some for the better But as Nicco Mele argues the benefits of new technology come with unintended consequences In *The End of Big* Mele examines How fringe political forces enter the mainstream and gain traction using everyday technology with the enormous potential to undermine central power What happens when investigative journalism is replaced by ad hoc bloggers mobile video and instantaneous tweets and whether they challenge or simply enable power Why Web based micro businesses are outcompeting major corporations and what innovations will alter the way we work own things and pay for goods and services The collapse of traditional party politics and the rise of a new kind of democracy one which could produce dynamic and effective leaders or demagogues How citizen initiatives can replace local and state government functions such as safety regulations tax collection and garbage pickup and do so cheaper faster and better Mele argues that unless we exercise caution in our use of these new technologies we risk a dark and wildly unstable future one in which our freedoms and basic human values could be destroyed rather than enhanced Both hopeful and alarming *The End of Big* is a thought provoking passionately argued book that offers genuine insight into the ways we are using technology and how it is radically changing our world in ways we are only now beginning to understand **How to Do Everything with YouTube** Chad
