

ANSWERS

As indicated in the answers on this page, a carefully chosen answer provides evidence of a fit, where being the best fit doesn't mean the best answer. However, multiple-choice questions often have one or more answers that are close, but not the best fit.

Remember, a fit is a good answer, not a perfect answer. The answer that is the best fit is the answer that is the best fit.

For the answer choices, the best answer is the answer that is the best fit. The answer that is the best fit is the answer that is the best fit.
