Foundations Student Notebook 1 Second Edition Barbara Wilson, 2012 **My Foundations Journal Second Edition** Barbara A. Wilson, 2012 Time to Write, Second Edition John Sylvester Lofty, 2015-02-10 To read John's work is to take on the role of a patient listener. A book like a piece of music is scored for time and I feel *Time to Write* is scored adagio. I believe that *Time to Write* can be read as a critique of the time chopping approach to education and an argument for presence for being fully open to experience for being there. To do good work we must enter something like island time or what John calls existential time or what is sometimes called flow when we lose at least temporarily a sense of clock time from the Foreword by Thomas Newkirk. Twenty five years ago John Sylvester Lofty studied the influence of cultural time values on students' resistance to writing instruction in an isolated Maine fishing community. For the new edition of *Time to Write*, Lofty returned to the island to consider how social and educational developments in the intervening years may have affected both local culture and attitudes toward education. Lofty discovered how the island time values that previously informed students' literacy learning have been transformed by outside influences including technology, social media, and the influx of new residents from urban areas. Building on the ethnographic findings of the original study, the new edition analyzes the current conflict between the digital age time values of constant connections and instant communication and those of school-based literacy. Lofty examines the new literacies now essential for students in a technologically connected world, both those who aspire to continue the traditional island work of lobster fishing and for the many who now choose to pursue other careers and attend college on the mainland.

Children at the Center Betty Bardige,Megina Baker,Ben Mardell,2021-03-09 *Children at the Center* provides a closely observed account of a decade long effort to reshape the scope direction and quality of the Boston Public Schools early childhood programs Drawing on multiple perspectives and voices from the field the authors highlight the reflective collaborative inquiry driven approach undertaken by the program and share lessons learned Boston Public Schools are recognized for embedding high quality public preK programs in their system and achieving exceptional results In this book the authors outline the core principles that underlie

the district's early childhood programs and explore the role of curriculum professional development coaching and data use in supporting these new initiatives. They show how the Boston Public Schools Department of Early Childhood was able to work with and against the constraints of the current accountability system to create a holistic child-centered play-based program that has had a significant impact in narrowing income-based learning gaps. Written in collaboration with the Department of Early Childhood Education, this account of creating successful preK programs in a diverse urban district will provide a valuable resource for practitioners engaged in similar work across the country.

Piercing the Corporate Veil in Latin American Jurisprudence Jose Maria Lezcano, 2015-12-14 This book is a comparative law study exploring the piercing of the corporate veil in Latin America within the context of the Anglo American method. The piercing of the corporate veil is a remedy applied in exceptional circumstances to prevent and punish an inappropriate use of the corporate personality. The application of this remedy and the issues it involves has been widely researched in Anglo American jurisdictions and until recently little attention has been given to this subject in Latin America. This region has been through internal political conflicts that undermined economic development. However, rise of democratic governments has created the political stability necessary for investment and economic development, meaning that the corporate personality is now more commonly used in Latin America. Consequently, corporate personality issues have become a subject of study in this region. Drawing on case studies from Mexico, Colombia, Brazil, and Argentina, *Piercing the Corporate Veil in Latin American Jurisprudence* examines the ingenuity of Latin American jurisdictions to deal with corporate personality issues and compares this method with the Anglo American framework. Focusing in particular on the influence of two key factors, legal tradition and the uniqueness of each legal system, the author highlights both similarities and differences in the way in which the piercing of the corporate veil is applied in Latin American and Anglo American jurisdictions. This book will be of great interest to scholars of company and comparative law and business studies in general.

Reading Assessment in an RTI Framework Katherine A. Dougherty Stahl, Michael C. McKenna, 2012-01-01 The importance of Response to Intervention has never been clearer. We strongly believe that RTI when fully implemented represents our best hope of building the kind of schoolwide framework necessary for making truly informed choices about the type and intensity of the reading instruction children receive. Our goal for this book is to offer the guidance needed to use these and other tools in an RTI framework. This is a book about the assessment component of RTI. We offer guidance and tools for gathering the information needed in an RTI framework. We have tried our best to write a book that is both practical and specific, that reflects both research and common sense, that is consistent with standards and that affords guidance in the issues central to RTI.
