G. Lim,2011-05-05 Each year thousands of junior doctors apply for highly competitive training jobs in a variety of specialties Obtaining a training job can be a difficult and stressful process with some specialties attracting 40 applicants per post This book helps doctors to improve their chances of getting that highly sought after post It is a wide ranging accessible guide to the application process covering every step from online application to the selection panel It includes essential tips on career development interview technique and specialty specific advice **The Essential Retirement Guide** Frederick Vettese,2015-11-16 Retirement planning is difficult enough without having to contend with misinformation Unfortunately much of the advice that is dispensed is either unsubstantiated or betrays a strong vested interest In The Essential Retirement Guide Frederick Vettese analyses the most fundamental questions of retirement planning and offers some startling insights The book finds for example that Saving 10 percent a year is not a bad rule of thumb if you could follow it but there will be times when you cannot do so and it might not even be advisable to try Most people never spend more than 50 percent of their gross income on themselves before retirement hence their retirement income target is usually much less than 70 percent Interest rates will almost certainly stay low for the next 20 years which will affect how much you need to save Even in this low interest environment you can withdraw 5 percent or more of your retirement savings each year in retirement without running out of money Your spending in retirement will almost certainly decline at a certain age so you may not need to save quite as much as you think As people reach the later stages of retirement they become less capable of managing their finances even though they grow more confident of their ability to do so Plan for this before it is too late Annuities have become very expensive but they still make sense for a host of reasons In addition The Essential Retirement Guide shows how you can estimate your own lifespan and helps you to understand the financial implications of long term care Most importantly it reveals how you can calculate your personal wealth target the amount of money you will need by the time you retire to live comfortably The author uses his actuarial expertise to substantiate his findings but does so in a jargon free way Getting a Web Development Job For Dummies Kathleen Taylor,Bud E. Smith,2015-01-20 Chart your path for a career in web development Taylor and Smith help you start your career by explaining the major categories of web development jobs showing you how to position yourself for the job you want and giving you advice on how to keep and grow within your ideal job once you ve found it *Link* ,1983
