Goodbye Good Girl, Hello Me Kasey Edwards, 2025-03-04 A Good Girl is acutely aware of everyone's emotional state Except her own She was praised for not being difficult like other girls She must never get too big for her boots and must always be grateful So damn grateful She masks her own needs dreams and fears so thoroughly that she loses herself Until one day her smile falters her serenity cracks and a tiny long forgotten voice dares to whisper What about me And then all hell will break loose Kasey Edwards bestselling author of Raising Girls Who Like Themselves has helped thousands of families bring up kids to believe in themselves She decides it's time to apply her research and strategies to herself Her journey of learning to like herself unpicks the worth crushing beliefs taught to girls But it's not just Kasey's story It's about all of us Raw irreverent and deeply relatable Kasey dares to voice what many women think but few say out loud This poignant memoir will confirm what you've long suspected that you deserve more And it will show you how to rediscover who you were always meant to be Then you too can say Goodbye good girl hello me

Goodbye Motherhood, Hello Me! Melanie Hope, 2023-06-14 A mom is always a mom whether she has an infant a teen or a middle aged son or daughter From the moment her kids are born she will always be concerned about their well being She will perform the mother's role forever always worrying about them no matter their age Even though my kids are adults now I still keep my cell phone on the bedside table when I sleep at night just in case they need me It's an old habit but I can't help it There is no proven need for that and I shouldn't be their emergency response in the middle of the night but still I am a mom to the core Even though every mom wants her kids to mature grow up and find their path in life it's not easy to embrace their independence They will choose to do things their own way which in her eyes might seem reckless dubious or risky in other words built on sand As a result she scrambles to find peace of mind over their choices in life But she can still have a quality life and enjoy happiness no matter what is going on in her kids lives She simply needs to pick a different tactic

Justice, Gender, and Affirmative Action Susan D. Clayton,Faye J. Crosby,2025-10-01 Justice Gender and Affirmative Action by Susan D Clayton and Faye J Crosby offers a deep dive into the complex debates surrounding affirmative action

through the lens of gender and social psychology Addressing the persistent gender disparities in the workplace the authors argue for the necessity of affirmative action to combat ingrained biases and structural inequalities that permeate both economic and sociological dimensions They use the theory of relative deprivation to illustrate how societal injustices can be overlooked by both victims and society underscoring the importance of proactive measures like affirmative action The book analyzes various judicial precedents shaping the discourse and application of affirmative action highlighting their impact on women s progress particularly white women who have benefited significantly from these programs With insights drawn from numerous studies the authors argue that affirmative action is essential and propose strategies for its effective implementation emphasizing that these policies should address systemic biases rather than attempt to compensate for perceived deficiencies within marginalized groups Through a meticulous examination of the controversies and criticisms of affirmative action Clayton and Crosby guide readers towards a nuanced understanding of its necessity in promoting justice and equity in contemporary society
