[American Jennie: The Remarkable Life of Lady Randolph Churchill](#) Anne Sebba, 2010-12-20 A frank account of the tempestuous life of the American mother of Britain's most important twentieth century politician Brooklyn born Jennie Jerome married into the British aristocracy in 1874 after a three day romance She became Lady Randolph Churchill wife of a maverick politician and mother of the most famous British statesman of the century Jennie Churchill was not merely the most talked about and controversial American woman in London society she was a dynamic behind the scenes political force and a woman of sexual fearlessness at a time when women were not supposed to be sexually liberated A concert pianist magazine founder and editor and playwright she was also above all a devoted mother to Winston In American Jennie Anne Sebba draws on newly discovered personal correspondences and archives to examine the unusually powerful mutual infatuation between Jennie and her son and to relate the passionate and ultimately tragic career of the woman whom Winston described as having the wine of life in her veins

The European Landing Obligation Sven Sebastian Uhlmann, Clara Ulrich, Steven J. Kennelly, 2018-12-19 This open access book provides a comprehensive examination

of the European Landing Obligation policy from many relevant perspectives It includes evaluations of its impacts at economical socio cultural ecological and institutional levels It also discusses the feasibility and benefits of several potential mitigation strategies The book was timely published exactly at the time where the Landing Obligation was planned to be fully implemented This book is of significant interest to all stakeholders involved but also to the general public of Europe and to other jurisdictions throughout the world that are also searching for ways to deal with by catch and discard issues

Reliability Data Collection and Use in Risk and Availability Assessment Viviana Colombari,2012-12-06 International cooperation on reliability and accident data collection and processing exchange of experience on actual uses of data and reliability engineering techniques is a major step in realising safer and more efficient industrial systems This book provides an updated presentation of the activities in this field on a worldwide basis *Smart and Sustainable Planning for Cities and Regions* Adriano Bisello,Daniele Vettorato,Håvard Haarstad,Judith Borsboom-van Beurden,2021-03-22 This book offers a selection of research papers and case studies presented at the 3rd international conference Smart and Sustainable Planning for Cities and Regions held in December 2019 in Bolzano Italy and explores the concept of smart and sustainable planning including top contributions from academics policy makers consultants and other professionals Innovation processes such as co design and co creation help establish collaborations that engage with stakeholders in a trustworthy and transparent environment while answering the need for new value propositions The importance of an integrated holistic approach is widely recognized to break down silos in local government in particular when aimed at achieving a better integration of climate energy planning Despite the ongoing urbanization and polarization processes new synergies between urban and rural areas emerge linking development opportunities to intrinsic cultural natural and man made landscape values The increasing availability of big real time urban data and advanced ICT facilitates frequent assessment and continuous monitoring of performances while allowing fine tuning as needed This is valid not only for individual projects but also on a wider scale In addition and circling back to the first point big urban data and ICT can be of enormous help in facilitating engagement and co creation by raising awareness and by providing insight into the local consequences of specific plans However this potential is not yet fully exploited in standard processes and procedures which can therefore lack the agility and flexibility to keep up with the pulse of the city and dynamics of society The book provides a multi disciplinary outlook based on experience to orient the reader in the giant galaxy of smart and sustainable planning support the transposition of research into practice scale up visionary approaches and design groundbreaking planning policies and tools **Planning Support Tools: Policy Analysis, Implementation and Evaluation. Proceedings of the Seventh International Conference on Informatics and Urban and Regional Planning INPUT2012** AA. VV.,2012-06-13T00:00:00+02:00 1862 161 Shifting Power in Asia-Pacific? Enrico Fels,2016-11-03 This book investigates whether a power shift has taken place in the Asia Pacific region since the end of the Cold War By systematically examining the development of power dynamics in Asia Pacific it challenges

the notion that a wealthier and militarily more powerful China is automatically turning the regional tides in its favour With a special emphasis on Sino US competition the book explores the alleged linkage between the regional distribution of relevant material and immaterial capabilities national power and the much cited regional power shift The book presents a novel concept for measuring power in international relations by outlining a composite index on aggregated power CIAP that includes 55 variables for 44 regional countries and covers a period of twenty years Moreover it develops a middle power theory that outlines the significance of middle powers in times of major power shifts By addressing political military and economic cooperation via a structured focused comparison and by applying a comparative historical analysis the book analyses in depth the bilateral relations of six regional middle powers to Washington and Beijing **Rock Mechanics in Civil and Environmental Engineering** Jian Zhao,Vincent Labiouse,Jean-Paul Dutt,Jean-Francois Mathier,2010-05-19
