This book is perfect for both students and teachers as it produces true mastery of content knowledge and book details. Other study guides simply give basic details of the novel meaning that students read over material without digesting or learning it. Other study guides take complex themes, concepts, and information and just regurgitate it to readers. This Study Guide series is different. Using the original text as a guide, you will learn to cite evidence from the text in order to complete and reflect on your reading. Designed under the guidance of an experienced and credentialed instructor, this study guide series GUIDES the learner to discovering the answers for themselves, creating a fully detailed study guide in the user's own words. Filled with guided reading activities, students are able to fill this guidebook with their own information. If you read it, write it, and reflect on it, you will learn it. Teachers, you can also purchase a set of these books or one book and make copies for your entire class. It makes the perfect guided reading activity and will teach students how to internalize the reading, note-taking, and learning process that advanced readers naturally perform. These make the perfect workbook to keep your class engaged and learning.

Study Guide on Macbeth by William Shakespeare Ray Moore, 2016-11-23 Ray Moore's Study Guides aim to provide insights into important, demanding texts. This revised and expanded second edition will support the reader in developing his/her own thoughts and ideas about what is often regarded as Shakespeare's greatest tragedy. Unlike other guides which simply tell the reader what the text is about, the key feature of this book is the guiding questions to which the student needs to find his/her own answers. The author is aware of the continual complaints from examiners that students are simply repeating what they have been told or have read about the play rather than developing their own opinions and supporting them with reference to the text. Includes: A detailed analysis of characters, setting, and history; genre and themes; A scene-by-scene commentary with helpful explanatory notes and guiding questions that suggest issues for further discussion and thought; Graphic organizers that allow the reader to make concise notes; A glossary of relevant literary terms; and a literary terms activity. Ideas for managing group discussions and post-reading presentations. Suggestions for further reading.
