Beware of the following situations that could cause your exam to close or force exit before you are complete:

- If you are not working constantly in the exam, your ISP (Internet Service Provider) may kick you off line. You cannot open the exam and then walk away from the computer.
- You cannot minimize your browser during the exam.
- You cannot move around in other parts of the course while the exam is open.
- You cannot work in more than one browser at a time while in the exam.
- You cannot enter the exam, print it and then cancel out. Canceling out still counts as one submission and sends the exam without any answers.
