NOTE #4: Basic technology requirements

<https://acc.uic.edu/online-learning/online-learning-students/basic-requirements-students/>

Laptop, Chromebook or Desktop Computer: Note that Chromebooks are used to perform a variety of browser-based tasks with most data and applications, such as Blackboard Learn, Blackboard Collaborate, Google Docs, and Office 365, residing in the cloud rather than on the machine itself. This can result in somewhat reduced functionality, depending on your needs. If you do not have reliable access to a computer at home, ACCC may have a laptop to lend to you. Please fill out our request form at acc.uic.edu/forms/laptop-request/

Internet: Many service providers are offering connectivity solutions for students without access to Wi-Fi or the internet. The Illinois Citizens Utility Board is maintaining a comprehensive list of the available options here: citizensutilityboard.org/blog/2020/03/19/cubs-guide-utility-services-during-the-covid-19-public-health-emergency.

The State of Illinois is maintaining a map of publicly available internet hotspots across the state that can be used for academic-related needs. These hotspots are available from within a parked vehicle. The map, and additional information, can be viewed at www.illinois.gov/wifi. Additionally, the ACCC has a very limited supply of cellular hotspots available for those students who are unable to take advantage of the above offers. Please fill out our request form at acc.uic.edu/forms/laptop-request/

Microphone: While this may be built into your computer, we recommend using an external device such as a USB microphone or headset.

Webcam: A built-in camera may be installed on your laptop; if not, you can use an external USB camera for video conferencing.
