

The English grammar, punctuation and spelling test mark schemes

Structure of the short answer mark schemes

The marking information for each question is set out in the form of tables, which start on **page 10** of this booklet.

The '**Question**' column on the left-hand side of each table provides a reference to the question number and question part. This column also gives a reference linking it to the Key Stage 2 programme of study for English.

The '**Requirements**' column may include two types of information:

- A statement of the requirements for the award of each mark, shown by a square.
- Examples of some different types of correct response, shown by a bullet and italic formatting.

The '**Mark**' column indicates the total number of marks available for each question part.

The '**Additional guidance**' column provides information about any alternative acceptable responses, as well as an explanation of responses that are not acceptable.

General guidance on marking the spelling task is given on **page 16**.

Application of the short answer mark schemes

In order to ensure consistency of marking, the most frequent procedural queries are listed on **pages 7–8** along with guidance about what the markers should do. Unless otherwise specified in the mark schemes, markers will apply the guidance in all cases.
