*Science But Not Scientists* Vernon L. Grose, 2006-10 The historic Science Textbook Struggle a worldwide battle about the origin of the universe life and man erupted without warning It caught the scientific illuminati completely by surprise Why Because science textbooks had become filled with wild unbelievable stories about the beginning of everything And those tales were simply not scientific The universe starting with a Big Bang life arising out of a soup of lifeless amino acids humans produced by apes those myths had only replaced ancient Greek mythology and were being passed off as scientific truths Caught in the crossfire between educators news media textbook publishers religious notables and world renowned scientists including nineteen Nobel laureates was a private citizen Father of six schoolchildren he had only one goal to prove that science never will have answers for origins He was up against the arrogance of scientists who were determined to disguise their private beliefs as being the only explanations for the origin of the universe life and man This story concludes with a great victory for objectivity with more than 200 changes being made in textbooks over the objections of the National Academy of Sciences All discussion about origins was transformed by admission that stories about them are based solely on personal views of individual scientists Remarkably 3 000 scientists around the world later signed an affirmation to assure that this issue of belief over fact in science never be repeated Wernher von Braun father of America s space program writes in the Foreword Vernon Grose in tracing out in *Science But Not Scientists* his personal involvement in the vortex of these two forces illustrates one more time the humanity of scientists their likelihood of being just as prejudiced and bigoted as anyone untrained in science He properly calls for objectivity rather than scientific consensus He rightly urges that message rather than messenger should be scrutinized and tested for validity Science will be the richer and humanity the ultimate beneficiary by heeding this clarion call

*Bihar Stet Secondary Teacher Eligibility Test | Secondary Grade (Tgt) Paper-I (Class 9 & 10) English 15 Practice Sets Book* Dr. Ranjit Kumar Singh, IAS (AIR-49), 2023-12-26 Bihar STET Secondary Teacher Eligibility Test Secondary Grade TGT Paper I Class 9 10 English 15 Practice Sets Book by Singh IAS AIR 49 Dr Ranjit Kumar is a comprehensive and strategically designed resource for candidates preparing for the Bihar Secondary Teacher Eligibility Test STET This book serves as an essential guide equipping aspirants with 15 meticulously crafted practice sets alongside the latest solved paper ensuring thorough preparation in alignment with the most recent syllabus and official examination patterns A well structured and highly useful book for Bihar STET aspirants The practice sets closely resemble the actual exam pattern and the solved paper is a great addition Highly recommended for serious candidates A great resource for STET preparation The questions are well framed and the

explanations are clear I would have liked some additional detailed solutions for tricky questions but overall it s a very helpful book This book is an excellent practice tool The variety of questions and well organized structure make it stand out A few minor errors in some answers but still one of the best books available for Bihar STET English preparation A decent book with good practice sets but some areas could have been covered in more depth Still it s a valuable resource for anyone preparing for STET Paper I English Extremely beneficial for Bihar STET candidates The practice sets are thoughtfully designed and the solved paper is a game changer This book gives a clear understanding of the exam pattern and enhances confidence
