which Darwin completed his research on insectivorous plants and published second editions of *Descent of Man* and *Coral Reefs*. The year also saw an acrimonious dispute between Darwin and St George Jackson Mivart as a result of an anonymous review the latter had written in which he criticised Darwin's son George. *The Liberal Unionist Party* Ian Cawood, 2012-08-14 The Liberal Unionist party was one of the shortest lived political parties in British history. It was formed in 1886 by a faction of the Liberal party led by Lord Hartington which opposed Irish home rule. In 1895 it entered into a coalition government with the Conservative party and in 1912, now under the leadership of Joseph Chamberlain, it amalgamated with the Conservatives. Ian Cawood here uses previously unpublished archival material to provide the first complete study of the Liberal Unionist party. He argues that the party was a genuinely successful political movement with widespread activist and popular support which resulted in the development of an authentic Liberal Unionist culture across Britain in the mid 1890s. The issues which this book explores are central to an understanding of the development of the twentieth century Conservative party, the emergence of a national political culture and the problems both organisational and ideological of a sustained period of coalition in the British parliamentary system. *The Wiltshire Archaeological and Natural History Magazine* Edward Hungerford Goddard, 1917 Includes proceedings of the annual general meetings of the Wiltshire Archaeological and Natural History Society. **Quarterly List of New Books** Public Library of Brookline, 1912 *The Uttermost Farthing* Marie Belloc Lowndes, 1910 *Lady Betty Across the Water* Charles Norris Williamson, Alice Muriel Williamson, 1910
