energetic and outgoing with none of the demonic self-destructiveness that seemed to haunt such jazz greats as Charlie Parker or Billie Holiday. He often joked about his blindness but did not like it mentioned as a handicap and preferred to pre-plan his entrance to the piano in a club rather than have someone lead him there. He was simply inexhaustible and had a life-long habit of staying up all night after a gig usually seeking an after-hours club in which to listen and play until daybreak. Lester also reveals that Tatum was generous with younger players but his extraordinary technical brilliance often devastated them. No less a talent than Oscar Peterson remembers that after first hearing Tatum, "I gave up the piano for two solid months and I had crying fits at night." And Les Paul remarked that after hearing Tatum for the first time he quit piano completely and began playing guitar. Perhaps most important, Lester provides a thorough knowledgeable discussion of Tatum's music from his early influences such as stride pianist Fats Waller to his mature style in which Liszt, Rachmaninoff, Debussy, Waller, and Earl Hines all became grist for his harmonic mill. From unexceptional origins in Toledo, Ohio, Art Tatum evolved into a world-class musician whose importance in jazz is comparable to Louis Armstrong and Charlie Parker and whose command of the piano captured the admiration of Horowitz and Paderewski. Too Marvelous For Words is the first full portrait of this extraordinary musical genius.
