Date/Time	Note	
09/02/2022 8am	Saw Amy today for an initial consultation regarding her obsessive thoughts and compulsions to clean. Focussed on goal setting and building a history of her present condition. Will see her next week.	
09/02/2022 8am	Amy has had five "cleaning episodes" since our last appointment. She reports these are the most time consuming of her symptoms which she wants to focus on reducing. Amy reports these occur when she is anxious and she feels she has no control over them. We made a plan for her to reach out for help to her safe contact person when she feels one of these episodes coming on.	
09/16/2022 9am	Amy reports an increase in the "cleaning episodes" since our last appointment, reports she had trouble sticking to our plan as her "safe person" was busy and she didn't want to bother them. We have made a plan for her to redirect herself with tasks she enjoys instead.	
09/23/2022 8am	Amy's cleaning episodes have reduced to three since our last appointment. Amy appears brighter and more excited about her future, talking for the first time about moving into a shared house with flatmates once she has her condition under control.	
09/30/2022 9am	Amy reports just two "smaller" cleaning episodes restricted to just her bedroom and not the whole house, since our last appointment. This demonstrates great progress, and she attributes most of this success to practicing her self-redirection and grounding techniques.

Study Guide for Clinical Procedures for Medical Assistants - E-Book Kathy Bonewit-West, 2017-09-14 Learn how to think critically and perform competently in the clinical setting. Correlating to chapters in Clinical Procedures for the Medical Assistant 10th Edition, this study guide provides additional activities, review questions, and exercises designed to prepare you to work as a clinical medical assistant. New is the addition of SimChart for the Medical Office activities that tie into appropriate chapters of the text. In addition, video evaluation activities on the companion Evolve site track your progress and understanding of each procedure. Assignment sheets at the beginning of each chapter indicate the upcoming textbook and study guide assignments and make it easy to prepare for what's coming next. Critical thinking activities utilize realistic situations to help you analyze and apply what you've learned with games, role playing situations, fun crossword puzzles, and independent study questions. Pre-tests and post-tests provide a quick assessment of your knowledge prior to and after you study each chapter. Key term exercises and assessments help in mastering new vocabulary. Evaluation of Learning questions let you assess your understanding, evaluate your progress, and prepare for the certification examination. Practice for Competency sections include checklist worksheets to use in practicing clinical skills. Practicum activities on the Evolve companion website use worksheets to help you learn how the practicum site functions. NEW SimChart for the Medical Office SCMO connection ties Elsevier's Educational EHR cases to the appropriate chapters and provides cohesion for the total curriculum solution. NEW Evaluation of Competency checklists evaluate your performance versus stated objectives and

performance standards and include CAAHEP and ABHES standards NEW Video evaluation activities allow students to track their understanding of the video procedures *Kinn's The Administrative Medical Assistant E-Book* Brigitte Niedzwiecki, Julie Pepper, 2022-11-19 Selected for Doody's Core Titles 2024 in Medical Assisting More than any other product on the market the most successful medical assistants begin their careers with Kinn Known for more than 65 years for its alignment with national curriculum standards Kinn's The Administrative Medical Assistant An Applied Learning Approach 15th Edition teaches the real world administrative skills essential for a career in the modern medical office always with a focus on helping you apply what you've learned This edition features new and expanded content on insurance coding privacy and security telehealth logistics and much more With its approachable writing style appropriate for all levels of learners and a full continuum of separately sold adaptive solutions EHR documentation experience and HESI remediation and assessment quickly master the leading skills to prepare for certification and a successful career in the dynamic and growing administrative medical assisting profession Step by step illustrated procedures include rationales and a focus on professionalism Electronic health record EHR coverage provides access to hands on activities using SimChart for the Medical Office sold separately Applied learning approach incorporates threaded case scenarios and critical thinking applications Patient education and legal and ethical features at the end of each chapter reinforce legal and communications implications within medical assisting practice Key vocabulary terms and definitions are presented at the beginning of each chapter highlighted in text discussions and summarized in a glossary for quick reference Robust Evolve companion website offers procedure videos practice quizzes mock certification exams and interactive learning exercises NEW Content aligns to 2022 Medical Assisting educational competencies NEW and UPDATED Comprehensive coverage of all administrative functions complies with accreditation requirements and includes insurance coding privacy and security telehealth logistics and more NEW Artwork familiarizes you with the modern medical office and equipment *Medical Assisting* Lucille Keir, Barbara A.
