The Art of Responsive Drawing Nathan Goldstein, 1973 This book focuses on drawing as a responsive encounter with our physical world Here responsive refers to our perceptual aesthetic and empathic interpretations of an observed subject's properties that hold potential for creative drawing In responsive drawing comprehending a subject's actualities precedes and affects the quality of our responses Such drawings do more than recall what the outer world looks like They tell us what our intuitive knowledge informs us it is This is not a how to do it book rather it is a kind of how to see it book Preface
