

Table of Contents and the Writing Process

Great writing does not “just happen.” Great writers follow an organized process that allows time to think, time to reflect upon drafts, and time to perfect a piece of writing. The steps of this process are not necessarily linear (that is, something you would follow step by step from start to finish), but more a fluid progression in which you may revisit previous steps (like a circle) as you work to create a perfected final piece.

This guide should assist by providing a quick reference to many problems you may encounter throughout the writing process. It does not substitute for your teacher’s specific guidelines for a particular assignment, nor should it be considered a comprehensive guide.
