Discovering Psychology Telecourse Study Guide David S. Moore, 1991

**Discovering Psychology: The Human Experience Telecourse Study Guide** Don H. Hockenbury, Sandra E. Hockenbury, 2006-07-21 This briefer streamlined version of Don and Sandra Hockenbury's acclaimed text Psychology Second Edition warmly invites students to explore the science that speaks most directly to their everyday lives Using a narrative rich with engaging anecdotes and real life stories often drawn from the authors own lives and experiences Discovering Psychology helps to clarify abstract concepts and psychological principles With its smart pedagogy attractive design and state of the classroom media and supplements package there is no text better equipped for introducing students to the science that speaks most directly to their everyday lives

**Psychology In Modules** David G. Myers, 2009-09-28 This version of the main text breaks down the chapters into shorter modules for more accessibility The smaller chunks allow students to better grasp and explore psychological concepts The modules also allow more flexibility in teaching as cross references to other chapters have been replaced with brief explanations

Psychology In Modules (Spiral) David G. Myers, 2009-09-28 Why Myers David Myers has become the world's

best selling introductory psychology author by serving the needs of instructors and students so well Each Myers textbook offers an impeccable combination of up to date research well crafted pedagogy and effective media and supplements Most of all each Myers text demonstrates why this author s style works so well for students with his signature compassionate companionable voice and superb judgment about how to communicate the science of psychology and its human impact Why Modules This modules based version of Myers best selling full length text Psychology breaking down that book s 16 chapters into 59 short modules is yet another example of the author s ability to understand what works in the classroom It comes from Myers experiences with students who strongly prefer textbooks divided into briefer segments instead of lengthier chapters and with instructors who appreciate the flexibility offered by the modular format Modular organization presents material in smaller segments Students can easily read any module in a single sitting Self standing modules Instructors can assign modules in their own preferred order The modules make no assumptions about what students have previously read Illustrations and key terms are repeated as needed This modular organization of short stand alone text units enhances teacher flexibility Instead of assigning the entire Sensation and Perception chapter instructors can assign the module on vision the module on hearing and or the module on the other senses in whatever order they choose Watch our new videos from David Myers here including our animation on THE TESTING EFFECT narrated by David Myers

**Myers' Psychology for AP\*** David G. Myers,2010-03-12 Already The Bestselling AP Psychology Author Myers Writes His First Exclusive AP Psych Text Watch Dave G Myers introduce this new text here David G Myers is best known for his top selling college psychology texts used successfully across North America in thousands of AP courses As effective as Myers college texts have been for the AP course we believe his new text will be even better because Myers Psychology for AP has been written especially for the AP course

**Designing Effective Teaching and Significant Learning** Zala Fashant,Stewart Ross,Linda Russell,Karen LaPlant,Jake Jacobson,Sheri Hutchinson,2023-07-03 Designing courses to deliver effective teaching and significant learning is the best way to set students up for success and this book guides readers through the process The authors have worked with faculty world wide and share the stories of how faculty have transformed courses from theory to practice They start with Dee Fink s foundation of integrating course design Then they provide additional design concepts to expand the course blueprint to implement plans for communication accessibility technology integration as well as the assessment of course design as it fits into the assessment of programs and institutions and how faculty can use what they learn to meet their professional goals

Gray,2010-01-04 An introductory text that explores psychology s major theories and the evidence that supports and refutes them This title incorporates research helping students to probe for the purposes and biological origins of behaviour the whys and hows of human psychology

Forthcoming Books Rose Arny,2004 **Books in Print Supplement** ,2002 **Study Guide to Accompany Exploring Psychology, 6th Edition** David G. Myers,2004 **Study Guide for Discovering Psychology, Neil R. Carlson**

Carlson, Madeleine Leveille, 1988-03      **Advanced Subsidiary Psychology** Christine Brain, 2000 The first book of two Advanced Subsidiary Psychology seeks to develop an understanding of the principles of Psychology and to illustrate these by reference examples relevant to students own interests and experience Fully in line with the AS Edexcel specifications Book 1 covers the first three units of the award and provides a thorough preparation for the AS examination      *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1959 Includes Part 1 Number 1 Books and Pamphlets Including Serials and Contributions to Periodicals January June      **Psychology: Core Concepts Fifth Edition** , 2005-08

**Study Guide and Workbook to Accompany Zimbardo and Weber's Psychology, Second Edition** Peter C. Gram, Philip G. Zimbardo, 1997 Psychology Third Edition builds upon the experience and reputations of Phil Zimbardo and Ann Weber with the addition of a new co author Bob Johnson who has a wealth of teaching experience at the community college level This briefer less expensive book presents psychology in a meaningful manageable format that focuses on the key questions and core concepts of psychology Introductory psychology covers such a wide range of topics and issues that it becomes difficult for readers to see the forest for the trees To make key psychological concepts more meaningful the authors found inspiration in a classic chess study This study showed that experts did no better than novices at remembering the location of pieces on a chess board when they were placed randomly Only when the patterns represented actual game situations did they make sense and therefore become more easily memorable for the experts Clearly meaningful patterns are easier to remember and understand than random arrangements and Psychology applies this by presenting the field of psychology in meaningful patterns to enhance comprehension These concepts are then applied to readers own lives study skills and the world around them Finally Psychology integrates a cross cultural and multicultural perspective to make psychology meaningful for everyone For anyone interested in Introductory Psychology
