Polston,2018-12-29 For decades ghostly tales have been told across the land of enchantment New Mexico's macabre past has created its share of phantoms From by gone gunfighters and wealthy socialites to murdered prostitutes and children their tragic lives have left an imprint in time and legend For 20 years ghost investigator Cody Polston has searched New Mexico's famous haunted locations for evidence of the supernatural Now for the first time the complete findings of all of his investigations are revealed The ghost stories and history of New Mexico's most haunted places are fascinating but are they really haunted by ghosts **"Sluts" on the Small Screen** Libbie Searcy,2024-02-06 Viewers spend years laughing crying celebrating and mourning with their favorite TV characters but when those characters are promiscuous women different viewers may have very different reactions Both sexual freedom and sexual shame run deep in the cultural waters so as TV's promiscuous female characters navigate those choppy waters what unfolds onscreen reflects and ultimately shapes perceptions of promiscuous women as liberated and adventurous damaged and destructive or even sick and gross This work examines fifteen promiscuous female characters and identifies trends in those portrayals from what motivates their promiscuity to the reproaches they face the revelations they have and the redemption it seems they must undergo as a result of their slutty ways This book aims not to promote promiscuity but to fight against the stigmatization of promiscuous women which is a fight against puritanical patriarchy that benefits everyone **The Change** Germaine Greer,2018-05-17 A brilliant gutsy exhilarating exasperating fury of a book New York Times Germaine Greer has given women just the book they need for this time of their lives Read it pass it on talk about it disagree with it keep the circle going Washington Post The seminal ground breaking and controversial feminist text on the menopause revised and updated When The Change was published in 1991 menopause was a word of fear Then as now expensive magazines advertised even more expensive anti ageing preparations none of which worked Big pharma was pushing replacement hormones but doctors were dragging their feet

Some women told horror stories of their experiences with replacement hormones others called them lifesavers Nobody knew why some women went through this change of life without difficulty What was working for them when other women were tormented almost to madness It seemed that we were close to an answer to that question but that was before large scale studies revealed that the protective effects of hormone replacement had been vastly exaggerated given the perceived increase in the risk of life threatening disease the studies had to be called off Now more than ever amid the clamour of online chatrooms and promotions for a vast array of alternative therapies the individual woman has to manage her passage through menopause for herself In *The Change* Germaine Greer provides a common sense guide to a very interesting and important stage of women s lives

Reinelt, 1991-05-01 Recently in the field of theatre studies there has been an increasing amount of debate and dissonance regarding the borders of its territory its methodologies subject matter and scholarly perspectives The nature of this debate could be termed political and in fact concerns the performance of power the struggle over power relations embedded in texts methodologies and the academy itself This striking new collection of nineteen divergent essays represents this performance of power and the way in which the recent convergence of new critical theories with historical studies has politicized the study of the theatre Neither play text performance nor scholarship and teaching can safely reside any longer in the free politically neutral self signifying realm of the aesthetic Politicizing theatrical discourse means that both the hermeneutics and the histories of theatre reveal the role of ideology and power dynamics New strategies and concepts and a vital new phase of

awareness appear in these illuminating essays A variety of historical periods from the Renaissance through the Victorian and up to the most contemporary work of the Wooster group illustrate the ways in which contemporary strategies do not require contemporary texts and performances but can combine with historical methods and subjects to produce new theatrical discourse

Body Politics in Contemporary Irish Women's Fiction Ellen Scheible, 2024-12-12 Exploring twentieth and twenty first century texts that wrestle with the Irish domestic interior as a sexualized and commodified space this book provides readings of the power and authority of the feminized body in Ireland Scheible dissects the ways that the woman as symbol remains consistent in Irish literary representations of national experience in Irish fiction and shows how this problematizes the role of women in Ireland by underscoring the oppression of sexuality and gender that characterized Irish culture during the twentieth century Examining works by Elizabeth Bowen Pamela Hinkson Emma Donoghue Tana French Sally Rooney and James Joyce this book demonstrates that the definition of Irish nationhood in our contemporary experience of capitalism and biopolitics is dependent on the intertwining and paradoxical tropes of a traditional yet equally sexual feminine identity which has been quelled by violence and reproduction
