shattered my escape Yet my story wasn't over Death would not claim me yet destiny had other plans in store Note The Black City of Nuerva is an intimate voyage recounted through the eyes of its protagonist in first person narrative Throughout the book the main character fluidly embodies both male and female perspectives Complementing the narrative are 60 original artworks each meticulously crafted to reimagine key moments within the story The creation of this book and its accompanying artwork spanned several years reflecting the dedication and toil invested in bringing this imaginative world to life
