

## Guide de l'informatique | La sécurité informatique

Débuter dans le monde de l'informatique, c'est aussi prendre en considération les menaces inhérentes à Internet. La sécurité informatique, ça ne s'invente pas! Malheureusement, les anglicismes et les concepts barbares compliquent sérieusement la tâche aux débutants.

Dans ce huitième épisode du **Guide de l'informatique pour les débutants**, vous allez trouver une série de conseils pour vous permettre de naviguer plus sereinement sur la Toile et mieux comprendre les problèmes liés aux "virus" et aux "logiciels espions".

### Quels sont les risques ?

Les risques peuvent être de différentes natures. Cependant, on retrouve principalement 2 grandes catégories de menaces :

1. **Perte de données** : les virus, Trojan et autres logiciels malveillants peuvent endommager votre système d'exploitation et procéder à l'élimination de documents importants.
2. **Vol de données personnelles** : certains pirates informatiques souhaitent usurper votre identité ou récupérer des informations personnelles comme les identifiants de connexion à votre boîte mail, votre numéro de carte de crédit ou encore vos mots de passe.

### Comment se protéger ?

Avant tout, il convient d'identifier le problème auquel vous êtes confronté. "Virus" est le terme exact pour décrire le comportement de ce type de menaces informatiques. Leur finalité est la même que les virus biologiques : se reproduire à l'infini et se propager à d'autres ordinateurs. **Votre santé n'est heureusement pas en cause!** Seule la stabilité de votre système informatique peut être compromise.

- **Les virus sont en effet de simples logiciels** qui tirent profit des failles de sécurité ou du manque de vigilance de l'utilisateur pour s'exécuter et se répandre. En cas d'infection, voici une liste de conseils à suivre:
- **Installer un anti-virus**. L'efficacité de ces logiciels ne dépend pas de leur prix. Pour vous forger une opinion, n'hésitez pas à jeter un oeil à [nos tests d'anti-virus gratuits](#).

# Guide De Linformatique L Cole
