
NR 222 - Health and Wellness Study Guide 2023-2024 answers

Wellness-Illness Continuum - **Correct answer** a dichotomous depiction of the relationship between the concepts of health and illness

Wellness - **Correct answer** a positive state in which incremental increases in health can be made beyond the midpoint

Health Ecology - **Correct answer** An evolving view of health recognizes the interconnection between people and their physical and social environments

EX: People are likely to go walking where there are sidewalks (within the community)

Functional Health - **Correct answer** The ability to function: can be characterized as being present or absent, having high-level or low-level wellness, and being influenced by neighborhood and society

Health - **Correct answer** a state of physical, mental, spiritual, and social functioning that realizes a person's potential and is experienced within a developmental context

World Health Organization (WHO) Health Definition - **Correct answer** the state of complete physical, mental, and social well-being and not merely the absence of disease and infirmity, but moves beyond this definition to encompass spiritual, developmental, and environmental aspects over time.

Example: a person with diabetes may be considered healthy if she is able to adapt to her illness and live a meaningful, spiritually satisfying life
