management home ownership and many other personal finance topics **Hug Your Haters** Jay Baer,2016-03-01 Haters are not your problem Ignoring them is Eighty percent of companies say they deliver out standing customer service but only 8 percent of their customers agree This book will help you close that gap by reconfiguring your customer service to deliver knockout experiences The near universal adoption of smartphones and social media has fundamentally altered the science of complaints Critics haters can now express their displeasure faster and more publicly than ever These trends have resulted in an overall increase in complaints and a belief by many businesses that they have to pick their spots when choosing to answer criticisms Bestselling author Jay Baer shows why that approach is a major mistake Based on an extensive proprietary study of how where and why we complain Hug Your Haters proves that there are two types of complainers each with very different motivations Offstage haters These people simply want solutions to their problems They complain via legacy channels where the likelihood of a response is highest phone e mail and company websites Offstage haters don't care if anyone else finds out as long as they get answers Onstage haters These people are often disappointed by a substandard interaction via traditional channels so they turn to indirect venues such as social media online review sites and discussion boards Onstage haters want more than solutions they want an audience to share their righteous indignation Hug Your Haters shows exactly how to deal with both groups drawing on meticulously researched case studies from businesses of all types and sizes from around the world It includes specific play books and formulas as well as a fold out poster of the Hatrix which summarizes the best strategies for different situations The book is also filled with poignant and hilarious examples of haters gone wild and companies gone crazy as well as inspirational stories of companies responding with speed compassion and humanity Whether you work for a mom and pop store or a global brand you will have haters and you can't afford to ignore them Baer's insights and tactics will teach you how to embrace complaints put haters to work for you and turn bad news into good outcomes

Fight For Your Money David Bach, 2009-03-03 A war for your money is raging and it is time to fight back In a book that will forever change how you spend your hard earned money America s favorite financial coach David Bach shows you how to save thousands of dollars every year by taking on the corporate machines In these times when every dollar counts big businesses are using dishonest tricks to rip you off making themselves billions while they keep you living paycheck to paycheck David Bach knows that until you learn to fight for your money you will overpay for almost everything you buy In Fight for Your Money he gives you the tools to FIGHT BACK and WIN Bach shows you how every dollar you spend is really a battle between you and the businesses and the government who want to take it as profit When you know how the system is rigged the extra points the hidden fees the late charges the unused tax breaks the escalating rates you can fight back against the pickpockets and save literally thousands every year money in your pocket that can help you live your dreams Fight for Your Money shows how you are being taken on your cell phone contract cable bill car purchase credit card life insurance healthcare 401 k plan airfare hotel bills and much more Bach gives you all the tools you need to fight back with websites phone numbers sample letters and real life stories of ordinary people who have fought for their money and won You ll learn how to Beat the credit card companies at the games they play that cost you thousands annually in interest and fees Make your bank accounts work for you with higher yields and lower fees Save thousands by pre paying college tuition at TODAY s prices Raise your credit score and pay thousands less in mortgage interest Cut your life insurance premiums in half by making one call Save hundreds on air travel hotels and car rentals just by being an informed consumer Avoid huge rip offs like bank issued gift cards medical credit cards 401 k debit cards and sneaky renewals of your cell phone plan David Bach knows that when you are being taken financially you work harder than you have to for longer than you need to This book helps you fight for your money so you can live your life doing what you really want to do

At the Altar of the Bottom Line Tom Juravich, 2009 Based on extensive interviews with workers in four different industries this book takes us behind the statistics of the economic collapse and into the lives of Americans who are struggling to make ends meet and support their families Tom Juravich combines oral history with social and economic analysis to provide a vivid account of the multiple challenges presented in today s workplaces At a Verizon call center in Andover Massachusetts customer service reps find themselves overwhelmed by the pace of work and the constant monitoring They describe a daily routine marked by regimentation intense pressure to sell and unrelenting stress In New Bedford undocumented Guatemalans in the fish processing industry are fired if they don t work fast enough cheated out of wages and mistreated by supervisors Juravich describes a brutal immigration raid by U S Immigration and Customs Enforcement that divided families and forced workers further underground Juravich then takes us inside the operating rooms at the Boston Medical Center where hospital consolidation has brought a new bottom line philosophy that has fundamentally

altered the way patient care is delivered Surgery takes place almost non stop driving some nurses from their chosen profession and leaving those who remain exhausted The final case study looks at the shuttering of the Jones Beloit plant an internationally known manufacturer of machinery for the paper industry Despite the best efforts of highly skilled and productive workers to save their plant it was abruptly closed and they were abandoned after their CEO recklessly became involved in a shaky foreign investment Juravich argues that workers face a series of paradoxes in the contemporary American workplace They can no longer assume that large established firms create good jobs The new working conditions often resemble what was traditionally associated with marginal and low wage employers He concludes that we must bring a discussion about the quality of jobs back into the public discourse and that a good jobs strategy is a fundamental building block to economic recovery Workers voices are front and center in this highly readable book It includes striking photographs by Paul Shoul and a CD that presents a series of audio documentaries with excerpts from the interviews as well as four original songs written and performed by Juravich
