The Report: Qatar 2024 Oliver Cornock, Qatar has been working to position itself as a powerful economy and influential sovereign entity that is well prepared to address future challenges With a relatively small population and the third largest proven natural gas reserves in the world it is looking to attract greater foreign direct investment and support the private sector as it diversifies away from a reliance on hydrocarbons

Trajectories of Education in the Arab World Osama Abi-Mershed, 2009-09-10 In comparison to other parts of the developing world education in Arab countries has been lagging behind This book examines the impact of Western cultural influence the opportunities for reform and the sustainability of current initiatives

Lessons from the Field Gabriella Gonzalez, 2009 Central to Qatar s education reform was the development of internationally benchmarked curriculum standards and standards based assessments in four subjects Arabic English as a foreign language mathematics and science This report recounts the development of Qatar s standards based student assessment system providing important lessons learned for Qatar and other countries that are seeking to implement similar measures on a large scale

A Political Economy of Arab Education Mohamed Alaa Abdel-Moneim, 2015-09-07 The failure of reform policies in areas of critical importance to Arab populations such as health and education played a central role in igniting the Arab Awakening yet this policy perspective has been largely absent from recent studies of the region Arab regimes most reliant on repression to guarantee their survival were also those most vulnerable to mass politics Where threats to regime survival have been limited so have more meaningful reforms been possible finding an alternative to political change through focusing on soft policy areas such as education A Political Economy of Arab Education offers a comprehensive analysis of K 12 education systems in Arab countries deepening understanding of their administrative structures and outcomes and exploring how political considerations have impacted the ability of Arab regimes to engage in meaningful reform Taking a unique comparative

political economy perspective it examines the reasons behind policy stagnation in Arab countries addressing the effects of size history and political stability on the design and implementation of policies and administrative structures Its informed analysis and comparison of education systems provides new insight into Arab regimes and highlights factors pulling them towards either stagnation or reform Examining the sustainability of reforms and establishing the benefits of engaging in meaningful change this book sheds light on why some regimes survived the Arab Spring while others crumbled and formulates convincing predictions on the potential for future regime change in the region This book will be of key interest to students and scholars of Middle Eastern Studies International and Comparative Education and Development Studies
