*Annapurna Circuit* Andrew Stevenson, 2014-12-11 Many disenchanted Westerners have gone to the Himalayas in search of renewal but no one has written about the experience as perceptively and personally as Andrew Stevenson in *Annapurna Circuit*. A traveller all his life Stevenson responds to people and places with an openness unique to the cultural nomad. His portraits of the men, women and children of the Annapurnas and the fellow backpackers from all over the world who intermittently shared his journey are a delight. His descriptions of the landscape and the physical hardships of the trek are enthralling. But like every travel book of real quality this is also the result of a spiritual journey. A richly rewarding read on every level. *Annapurna Circuit* is a modern travel classic in the tradition of Peter Matthiessen's *Snow Leopard* and Andrew Harvey's *Journey to Ladakh*. **Annapurna** Siân Pritchard-Jones, Bob Gibbons, 2022-09-08 A guidebook to 4 treks in Nepal's Annapurna region including Annapurna Circuit and Annapurna Sanctuary plus 10 other routes covering the Machhapuchhre region. Parbat, Myagdi, northeast Pokhara, the foothills of Lamjung Himal and the restricted areas of Mustang, Damodar and Nar Phu. Routes range from 4 to 23 days and are graded by difficulty from easy/moderate to moderate/strenuous. Most involve altitudes of over 3000m, with the Annapurna Circuit ascending to over 5400m. Route description illustrated with sketch mapping and elevation profiles. Notes on both organised and independent trekking and accommodation options: lodges, camping and homestay. Advice on preparation and planning including recommended kitlist. Healthy and safety. A wealth of cultural information plus history, plants and wildlife. **Annapurna** Siân Pritchard-Jones, Bob Gibbons, 2013 An essential guidebook to the Annapurna region, the most popular trekking area in Nepal and a magnet for those who love mountains. 14 diverse treks, update old favourites such as the classic Annapurna Circuit and introduce exciting new routes. Packed full of information on trekking seasons, local culture and recommended equipment. **The Himalayas** Andrew J. Hund, James A. Wren, 2018-06-15 A thorough and detailed resource that describes the history, culture and geography of the Himalayan region, providing an indispensable reference work to both general readers and seasoned scholars in the field. *The Himalayas: An Encyclopedia of Geography, History and Culture* serves as a convenient and authoritative reference for anyone exploring the region and seeking to better understand the history, events, peoples and geopolitical details of this unique area of the world. It explores the geography and details of the demographics, discusses relevant historical events and addresses socioeconomic movements, political intrigues and controversies and cultural details as to give an overarching impression of the region as a coherent and cohesive whole. Readers will come away with a vastly heightened understanding of the geographical region we recognize as the Himalayas and grasp the issues of geography, history and culture that are central to contemporary understandings of the human culture in the region. The alphabetically arranged and succinct entries provide easy access to detailed authoritative information.
