In 2009 the internet database Second Hand Songs estimated that there are 40 000 songs with at least one cover version. Some of the more common variations of this appropriationist method of musical quotation include traditional forms such as patriotic anthems, religious hymns such as Amazing Grace, Muzak's instrumental interpretations, Christmas classics and children's songs. Novelty and comedy collections from parodists such as Weird Al Yankovic also align in the cover category as does the larcenous art of sampling and technological variations in dance remixes and mash ups. Film and television soundtracks and advertisers increasingly rely on versions of familiar pop tunes to assist in marketing their narratives and products. The cover phenomenon in popular culture may be viewed as a postmodern manifestation in music as artists revisit, reinterpret and re-examine a significant cross section of musical styles, periods, genres, individual records and other artists and their catalogues of works. The cover complex with its multiple variations, issues, contexts and re-contextualizations comprises an important and rich popular culture text. These re-recordings represent artifacts which embody artistic, social, cultural, historical, commercial, biographical and novel meanings. Through homage, allusion, apprenticeship and parody among other modes, these diverse musical quotations express, preserve and distribute popular culture, popular music and their intersecting historical narratives. *Play it Again* represents the first collection of critical perspectives on the many facets of cover songs in popular music.

Myers, 2020-07-24 James Friedman, a retired philosophy professor living in Houston, receives an invitation from a woman identifying herself only as Shekhinah who claims she was once God. She wants to talk to him about her decision to abandon heaven for earth. Accepting the invitation, Friedman encounters a tall, ebony-skinned, twenty-three-year-old same-gender-loving woman who is wearing a Black Lives Matter t-shirt. She tells Friedman a creation story about a loving God who at the moment of creation, fourteen billion years ago, gave up power over the world out of respect for human freedom. This view of God is similar to one Friedman has expounded. According to Shekhinah, to God's horror and surprise, countless human beings have misused their freedom to cause massive injustice, bigotry, genocide, cruelty, etc. and to put the earth itself in peril. Powerless as God, Shekhinah asserts that the Creator could make a difference in the world only by becoming a human being, which meant the death of God. God, she claims, entered the world as a Black Same Gender Loving Woman to divinely affirm three often disrespected identities. For reasons she

its expression in his lyrics and poems Cohen's commitment to covenant and his anger at this God who made us so prone to failing it undergird the faith frustration and sardonic taunting of Cohen's work Both his faith and ire are traced through Cohen's unorthodox use of Jewish and Christian imagery His writings about women politics and the Holocaust His final theology You Want It Darker released three weeks before his death
