phenomena      *The Secret History of Poltergeists and Haunted Houses* Claude Lecouteux, 2012-04-26 What poltergeist accounts through the ages reveal about our own worldviews Provides a wide array of case studies from ancient Greece and Rome to medieval Europe to the modern world Explores the relationship between poltergeists and troubled adolescence Looks beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses Stories of poltergeists and their mischievous and sometimes violent actions knocking stone or chair throwing moving objects with invisible hands and slamming or opening doors are a constant through the ages What changes is how we interpret this activity For our pagan ancestors this phenomenon was caused by helper spirits whose manifestations revealed their unhappiness with a household The medieval Christian church demonized these once helpful spirits and held exorcisms to expel them from the houses they haunted which proved effective less than half the time The Age of Enlightenment cast these incidents as clever hoaxes and many still believe this today But poltergeist manifestations continue to appear and often defy attempts to debunk them as pranks What then is behind this phenomenon Exploring accounts of poltergeists from ancient Greece and Rome medieval Europe and the modern world Claude Lecouteux finds that while our interpretations of poltergeists may change the manifestations always follow a similar course and evolution He shows how modern scientific studies of poltergeist manifestations have found a strong tie between these visitations and the presence of a troubled adolescent in the house Looking beneath the Christian adulteration of pagan practices to reveal the hidden ancestral beliefs tied to poltergeists and haunted houses the author shows how these unhappy spirits serve as confirmation of the supernatural beings that share the earth with us and of our relationship with the natural and unseen world a relationship we must take care to keep in balance      Poltergeists and the Paranormal Reuben Stone, 1993      **True Tales of the Paranormal** Kimberly Molto, 2002-09 True Tales of the Paranormal is an intriguing examination of reincarnation premonitions and other spooky inexplicables from a scientific perspective exploring modern scientific theories and current research The author also provides suggestions on how to deal with paranormal experiences and where to go for help and information      Poltergeists Rupert Matthews, 2018-09-10 Poltergeists like causing havoc They throw things around in people's homes and play tricks with lights and household appliances Mysterious voices insistent knocking and weird shrieking can announce their presence or sometimes it's peculiar smells with no apparent source the whiff of pipe tobacco or lingering perfumes from another age One day you might even see a poltergeist as it turns into a full bodied apparition before your eyes But beware poltergeists can pinch slap and sexually assault the living An attack by a poltergeist can be among the most terrifying experiences that any human is likely to encounter This book is an exploration of the phenomenon from earliest times to the present day highlighting the activities of these phantoms the efforts of researchers to document and understand what is going on as well as the explanations that have been put forward      **The Poltergeist Enigma** Craig Boutland, 2019-08-01 Are poltergeists real Fascinate readers with this dive into the historical evidence and popular theories
