Judge Brian M. Barry, 2020-11-26 A judge's role is to make decisions. This book is about how judges undertake this task. It is about forces on the judicial role and their consequences about empirical research from a variety of academic disciplines that observes and verifies how factors can affect how judges judge. On the one hand, judges decide by interpreting and applying the law, but much more affects judicial decision making: psychological effects, group dynamics, numerical reasoning, biases, court processes, influences from political and other institutions, and technological advancement. All can have a bearing on judicial outcomes. In *How Judges Judge: Empirical Insights into Judicial Decision Making*, Brian M. Barry explores how these factors beyond the law affect judges in their role. Case examples, judicial rulings, judges' own self-reflections on their role, and accounts from legal history complement this analysis to contextualise the research, make it more accessible, and enrich the reader's understanding and appreciation of judicial decision making. Offering research-based insights into how judges make the decisions that can impact daily life and societies around the globe, this book will be of interest to practising and training judges, litigation lawyers, and those studying law and related disciplines.

Green Peony and the Rise of the Chinese Martial Arts Novel Margaret B. Wan, 2009-01-05 Martial arts fiction has been synonymous with popular fiction in China from the Qing dynasty on. This book, the first to trace the early development of the martial arts novel in China, demonstrates that the genre took shape nearly a century earlier than generally recognized. *Green Peony* 1800, one of the earliest martial arts novels, lies at the center of a web of literary relations connecting many of the significant genres of fiction in its day. Adapted from a drum ballad, *Green Peony* parodies both previous popular fiction and the great Ming novels, generating humorous reflection on their values. By focusing on popular fiction and popular culture, Margaret B. Wan argues for the relevance of genre to literary criticism, the convergence of popular and elite fiction in the nineteenth century, and a general turn from didacticism to entertainment. Literary scholars, historians, and anyone who wishes to know more about Chinese popular culture in the Qing dynasty will benefit from reading this book.

United States Code, 2000 Edition, V. 16, Title 27, Intoxicating Liquors, to Title 28, Judiciary and Judicial Procedure, **Judge Bao and the Rule of Law** Wilt L. Idema, 2010 Pure orthodox and incorruptible Judge Bao has been serving as the preeminent embodiment of justice in China for almost a thousand years, so much so his court cases have been adapted as stories, novels, and plays over the centuries. Now for the very first time a series of eight ballad stories on Judge Bao dating from the period 1250–1450 are offered in a complete and annotated translation. These texts will provide the reader a complete reflection of the legend of Judge Bao in its earliest phase of development, with an extended introduction placing the ballad stories in context with the development of the Judge Bao legend. These ballad stories, in contrast to past plays dating from the same period, present abuse of power and corruption as endemic in the courts and bureaucratic service and show Judge Bao imposing the rule of law even on the emperor.

Harry Morales,2002-08-21 At times written in the third person this novel is the story of Herschel Folkes a twenty three year old man who one day receives a summons to report for jury duty Herschel is a fair skinned Jewish American native New Yorker and a clandestine bibliophile Herschel is considered clandestine because most of his closest personal friends are kept in complete ignorance of his strange attraction to literature which is how Herschel prefers to maintain his relationships Also unknown to anyone is the fact that Herschel is a deviant who daydreams all too often in an effort to fuel his surreal and daring imagination All of Herschel s vices contribute to his self indulging deviance but none more than his voracious love of literature and his interest in films He also has a romantic attraction to writing the most private of all his vices One day during a lunch break Herschel begins to write down his thoughts about being on jury duty in a notebook that he has brought along As Herschel devours his skimpy lunch he suddenly arrives at a wonderful idea Wouldn t it be fun to write a story to parallel his experiences as they were happening A story about a juror himself a novice writer of sorts who decides to cause a mistrial Herschel begins to write his story during lunch breaks and works on it during every opportunity he can get In addition he also works on it in his head during his many daydream spells while sitting in court when the trial is in session but is much more productive during long lunch breaks and many periods of free time when the trial is not in session As the Sophie Fields vs Jem Lumber Company trial progresses so does Herschel s story The trial lasts five days and as Herschel records the progress of the trial through his nameless protagonist he begins to show signs of ambivalence in his attitude about the trial These feelings are kept private and are only revealed through Herschel s many daydreams in which he seriously considers causing a mistrial It is through his daydreams that so much of Herschel s deviant personality is revealed especially on the day of deliberation
