

The background of the slide is a classical still life painting. It depicts a desk or table with various objects. On the left, a large, ornate clock is partially visible. In the center, a violin lies on the surface. To the right, a large, dark, curved object, possibly a lute or a similar stringed instrument, is partially visible. In the foreground, a small, ornate vase or container holds several small, dark objects, possibly seeds or beads. The overall tone is dark and rich, with a focus on texture and detail.

The French Book Henri-Jean Martin, 1996-07-26 The book as the subject of a distinct historical discipline dates from the landmark publication of *L'Apparition du livre* by Lucien Febvre and Henri Jean Martin in 1958 In this further contribution to his pathbreaking work with Febvre eminent French historian Henri Jean Martin explores the role of the book and book industry in early modern France Martin begins with a sweeping look at the revolutionary role played by the new technology of printing in Europe of the Renaissance and Reformation Shifting the focus to France he then examines the political implications of publishing in the

reign of Francis I including such topics as the founding of royal and university libraries the role of church state relations Richelieu s cultural program and censorship In revealing case studies of Rouen and Grenoble Martin pinpoints precisely which books were sold and to which social groups and explains why the initially successful printers of Rouen were eventually forced out of business by the Parisian courts Martin also casts a discerning eye on early graphic design from the first illustrated coffee table books purchased by the newly rich to the invention of the paragraph to facilitate reading And he shows how attempts by the French government to suppress and control publication were eventually thwarted by free market forces from Amsterdam and Neufchatel This is a book that will be of interest to those who study the history of the book intellectual history of early modern Europe and the relation between politics and ideas      **Essais, Livre I - Chap.
