## **Metor 20metal Detector Manual:**

Field Guide to Meteors and Meteorites O. Richard Norton, Lawrence Chitwood, 2008-05-25 What is unique about Richard Norton's book is that it is both a field guide to observing meteors and also a field guide to locating preparing and analysing meteorites In addition to giving the reader information about observing techniques for meteors this book also provides a fully detailed account of the types of meteorites how and where to find them how to prepare and analyse them The book provides everything the amateur astronomer or geologist needs to know about meteors and meteorites It is thus the only complete book on the subject available at present      Technical Manual United States.
