Hollowed Out Jeremy S. Adams, 2021-08-03 Do teachers have a front row seat to America's decline Jeremy S Adams a teacher at both the high school and college levels thinks so Adams has spent decades trying to instill wisdom ambition and a love of learning in his students And yet as he notes when teachers get together they often share an arresting conclusion Something has gone terribly wrong Something essential is missing in our young people Their curiosity seems stunted their reason undeveloped their values uninformed their knowledge lacking and most worrying of all their humanity diminished Digital hermits of a sort unfamiliar to an older generation they have little interest in marriage and family They largely dismiss and are shockingly ignorant of religion They sneer at patriotism sympathize with riots and vandalism and regard American society and civilization as so radically flawed that it must be dismantled Often friendless and depressed they eat alone study alone and even socialize alone Educators like Adams see a generation slipping away The problems that have hollowed out our young people have been festering for years A year of COVID 19 lockdowns and social distancing have magnified them The result could be a generation and our nation's future lost in a miasma of alienation and stupefaction In his stunning new book *Hollowed Out* Jeremy S Adams reveals why students have rejected the wisdom culture and institutions of Western civilization and what we can do to win them back Poignant frightening and yet inspiring this is a book for every parent teacher and patriot concerned for our young people and our country

Schweikart, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country      *Politically Incorrect Guide to the American Revolution* Larry Schweikart, Dave Dougherty, 2017-06-26 The truth about the American Revolution is under attack Despite what you may have learned in school it wasn't a rich slaveholder's war fought to maintain white privilege In fact the War of Independence wasn't about maintaining any status quo it was the world's first successful bottom up revolution by the people ushering in a new dawn of liberty that history had never seen before But with left wingers dominating the teaching of history where can you go for the true story of the unprecedented events that made the United States the world's greatest nation Now bestselling historian Larry Schweikart has teamed up with author Dave Dougherty to write the ground breaking patriotic history you've always wanted to read about the foundation of our unique nation *The Politically Incorrect Guide to the American Revolution* reveals Four key factors that applied only in America making it impossible to replicate the Revolution anywhere else Why it matters that the Patriot fighting force was overwhelmingly Scotch Irish The key role of Protestantism which denominations tended to

become Patriots and which Tories How Americans were different from the Europeans and English even at the outset of the Revolution How the casualties of the deadliest war in American history are routinely underreported How our Revolution became a model for hundreds of others that all failed Schweikart and Dougherty take on the left wing myths starting with the Marxist narrative of the Revolution in Howard Zinn's nearly ubiquitous *A People's History of the United States* and uncover the truth about America's beginning *The Politically Incorrect Guide to the Supreme Court* John Yoo, Robert J. Delahunty, 2023-06-27 Justice in the Balance Alexander Hamilton famously predicted that the judiciary would be the least dangerous branch of government How's that working out The Supreme Court stands as arbiter over a country increasingly unable to govern itself Americans can't agree on the meaning of the Constitution or even the rule of law Are the nine high priests enthroned in their marble temple the saviors of the Republic or the pallbearers of democracy Are they defenders of the Constitution as written or super legislators who make law from the bench What did the Founders envision when they vested the judicial Power in one supreme Court John Yoo a professor of law at UC Berkeley and Robert J Delahunty a fellow at the Claremont Institute Center for the American Way of Life provide the answers with an incisive reading of the law and constitutional history *The Politically Incorrect Guide to the Supreme Court* explains The turbulent history of the court's early years and the eventual triumph of judicial supremacy The Bill of Rights how the Court has defined free speech freedom of religion and the right to bear arms The Court's notorious rulings and how they were overturned from Dred Scott to *Roe v Wade* Why court packing is a constant temptation for Democratic presidents The Supreme Court's best and worst justices and what qualities distinguished them The future of the Supreme Court Will it be the rubber stamp of corrupt administrations or the ultimate watchdog protecting our nation's liberties *The Politically Incorrect Guide to the Supreme Court* offers a penetrating and irreverent account of the justices ideologues and cowards geniuses and mediocrities all of them thoroughly human and a fascinating analysis of a Court that has swung like a pendulum from preserving the Republic to undermining government by the people and back to defending the Constitution Sprightly informative and powerfully argued this book is guaranteed to give the reader a deeper understanding of America's most powerful judicial body *Politically Incorrect Guide to the Presidents, Part 2* Steven F. Hayward, 2017-01-09 A book to challenge the status quo spark a debate and get people talking about the issues and questions we face as a country
