# Facts The Historians Leave Out

**Donald Yacovone**

## **Facts The Historians Leave Out:**

**Facts the Historians Leave Out** John Shipley Tilley, 1967      **Facts the Historians Leave Out** John S Tilley, 2014-08-25 Subtitled A Confederate Primer this little book covers a wide range of subjects in short succinct chapters on the true causes of the war the historical and economic background behind Southern slavery the usurpations and deceptions of Abraham Lincoln State sovereignty and the right of secession the sterling character of such Confederate leaders as Robert E Lee and Jefferson Davis and much more      *Facts the Historians Leave Out* John Shipley Tilley,      *Facts the Historians Leave Out* John Shipley Tilley, 1956\*      *Facts the Historians Leave Out* John Shipley Tilley, 1964      **Facts the Historians Leave Out** John S. Tilley, 1984      Catalog of Copyright Entries. Third Series Library of Congress. Copyright Office, 1952 Includes Part 1A Books and Part 1B Pamphlets Serials and Contributions to Periodicals      **Slavery and Public History** James Oliver Horton, Lois E. Horton, 2014-03-25 A fascinating collection of essays by eminent historians exploring how we teach remember and confront the history and legacy of American slavery Booklist Online In recent years the culture wars have called into question the way America s history of slavery is depicted in books films television programs historical sites and museums In the first attempt to examine the historiography of slavery this unique collection of essays looks at recent controversies that have played out in the public arena with contributions by such noted historians as Ira Berlin David W Blight and Gary B Nash From the cancellation of the Library of Congress s Back of the Big House slavery exhibit at the request of the institution s African American employees who found the visual images of slavery too distressing to the public reaction to DNA findings confirming Thomas Jefferson s relationship with his slave Sally Hemings Slavery and Public History takes on contemporary reactions to the fundamental contradiction of American history the existence of slavery in a country dedicated to freedom and offers a bracing analysis of how Americans choose to remember the past and how those choices influence our politics and culture Americans seem perpetually surprised by slavery its extent North as well as South its span over half of our four centuries of Anglo settlement and its continuing influence The wide ranging yet connected essays in this book will help us all to remember and understand James W Loewen author of Sundown Towns      **Teaching White Supremacy** Donald Yacovone, 2023-10-24 A powerful exploration of the past and present arc of America s white supremacy from the country s inception and Revolutionary years to its 19th century flashpoint of civil war to the Civil Rights movement of the 1960s and today s Black Lives Matter The most profoundly original cultural history in recent memory Henry Louis Gates Jr Harvard University Stunning timely an achievement in writing public history Teaching White Supremacy should be read widely in our roiling debate over how to teach about race and slavery in classrooms David W Blight Sterling Professor of American History Yale University author of the Pulitzer Prize winning Frederick Douglass Prophet of Freedom Donald Yacovone shows us the clear and damning evidence of white supremacy s deep seated roots in our nation s educational system through a fascinating in depth examination of America s wide assortment of texts from primary readers to college

textbooks from popular histories to the most influential academic scholarship Sifting through a wealth of materials from the colonial era to today Yacovone reveals the systematic ways in which this ideology has infiltrated all aspects of American culture and how it has been at the heart of our collective national identity Yacovone lays out the arc of America's white supremacy from the country's inception and Revolutionary War years to its nineteenth century flashpoint of civil war to the civil rights movement of the 1960s and today's Black Lives Matter In a stunning reappraisal the author argues that it is the North not the South that bears the greater responsibility for creating the dominant strain of race theory which has been inculcated throughout the culture and in school textbooks that restricted and repressed African Americans and other minorities even as Northerners blamed the South for its legacy of slavery segregation and racial injustice A major assessment of how we got to where we are today of how white supremacy has suffused every area of American learning from literature and science to religion medicine and law and why this kind of thinking has so insidiously endured for more than three centuries

**The Fate of Texas** Charles D. Grear, 2008-09-01 Choice Outstanding Academic Title Texas has often been overlooked in Civil War scholarship but this examination shows that the Lone Star State though definitely unusual was decidedly Southern Eleven noted historians examine the ways the civil war touched every aspect of life in Texas and approach the subject from varied perspectives military social and cultural history public history and historical memory to provide a greater understanding of the roles of women and slaves during the war and how veterans and the aftermath of loss helped pave the way for the Texas of today

American Civil War James R. Hedtke, 2018-08-17 This book debunks popular myths and misconceptions about the American Civil War through primary source documents and shows how misinformation can become so widespread The American Civil War deeply divided the nation and was a pivotal point in American history The acrimony and bitterness of this four year struggle coupled with its importance to the fabric of American life has resulted in the development and perpetuation of many myths about the conflict This work separates myth from reality The author examines 10 popular myths about the war each of which is examined in terms of its origins and how it became ensconced in the American memory It uses primary sources to explain the evolution of the myths and to inform the reader about what really happened providing a unique quality to this work Moreover the book not only explains the flaws in the myth but encourages the reader to further investigate each of the topics

Essays in Intellectual History, Dedicated to James Harvey Robinson, 1929

The Civil War in Popular Culture Lawrence A. Kreiser Jr., Randal W. Allred, 2014-01-14 Dividing the nation for four years the American Civil War resulted in 750 000 casualties and forever changed the country's destiny The conflict continues to resonate in our collective memory and U S economic cultural and social structures still suffer the aftershocks of the nation's largest and most devastating war Nearly 150 years later portrayals of the war in books songs cinema and other cultural media continue to draw widespread attention and controversy In The Civil War in Popular Culture Memory and Meaning editors Lawrence A Kreiser Jr and Randal Allred analyze American depictions of the war across a variety of

mediums from books and film to monuments and battlefield reunions to reenactments and board games This collection examines how battle strategies famous generals and the nuances of Civil War politics translate into contemporary popular culture This unique analysis assesses the intersection of the Civil War and popular culture by recognizing how memories and commemorations of the war have changed since it ended in 1865

**The local historian's table book, of remarkable occurrences, historical facts, traditions, legendary and descriptive ballads [&c.] connected with the counties of Newcastle-upon-Tyne, Northumberland and Durham. Legendary division** Moses Aaron Richardson, 1844

**Matters of Fact (RLE Social Theory)** Stanley Raffel, 2014-08-21 Facts may seem to be independent but in this study Stanley Raffel looks at them as expressions of commitment Medical records he believes furnish a principal example of the actively oriented character of the factual commitment and he draws on his experience of research among the records of a large modern hospital to demonstrate this He describes how records are produced and reorganized as records and discusses the grounds which provide for all the features of the records He looks at the act of observation in many apparently and concretely different places and analyses the activity of noticing viewing recording a spectacle where what is observed supposedly remains untouched by the observing Dr Raffel goes on to show that observation events records and criteria of assessment such as reliability and completeness lose their status as unexplicated verities and become instead decisive and consequential courses of action He points out too that the Socratic dialogues exemplify an orientation to commitment that even medical records paradoxically require if they are to be the matters of fact that they are

*The Historian's Toolbox* Robert C. Williams, 2019-11-27 The Historian's Toolbox introduces students to the theory craft and methods of history and equips them with a series of tools to research and understand the past Written in an engaging and entertaining style and filled with fascinating examples this best selling how to book opens up an exciting world behind historical research and writing This fourth edition expands the repertory of tools and techniques available to students entering the workshop of history These include materials on the Kennedy assassination the litigation of Van Gogh's Night Café local town histories contemporary history Twitter and the contemplation of the end of history as well as the Sixth Extinction in a new epilogue The book demonstrates the relevance and expanding possibilities of the study of history in our cacophonous information age of tweetstorms and fake news it emphasises the increasing value of critical thinking facts and evidence in the face of political lies and conspiracy theories Material added to the fourth edition will resonate with a new generation of computer literate readers in the face of climate change The Historian's Toolbox continues to be a seminal text for supporting students throughout their study of history and an accessible teaching tool for instructors

**Historical Truth in Fifteenth-Century Italy** Giuliano Mori, 2024 While humanists agreed on identifying the main requirement of the historical genre with truthfulness they disagreed on their notions of historical truth Some authors equated historical truth with verisimilitude thus harmonizing the quest for truth with other ingredients of their histories such as their political utility and rhetorical aptness

Others instead rejected the notion of verisimilitude identifying historical truth with factuality Accordingly they sought to produce bare and exhaustive accounts of all the things that pertained to their historical explorations often resorting to innovative disciplines such as archeology philology and the history of institutions The humanist historiographical debate is especially significant because the notion of verisimilitude encompassed crucial elements required for the development of methods of critical assessment By perceiving verisimilitude and factuality as irreconcilable Quattrocento humanists reached a critical impasse those who were interested in factual truth mostly lacked the means to ascertain it while those that developed embryonic notions of historical criticism were not eminently concerned with the factual account of the past This critical weakness exposed humanists to considerable risks including that of accepting non verisimilar historical forgeries passed off as factual Such forgeries eventually served as a testing ground for sixteenth and seventeenth century scholars who sought to restore factual truth by means of critical criteria grounded in verisimilitude thus overcoming the humanist impasse

Historical Truth in Fifteenth Century Italy addresses Renaissance history philosophy rhetoric and jurisprudence to shed light on how humanists conceptualized truth and more specifically historical truth [Ohio Confederate Connection](#) Curtis A. Early,2011-03-28 In Ohio Confederate Connection Curtis Early descendent of Lt General Jubal A Early of the Confederate States of America and his wife Gloria present facts about the Civil War that may not be widely known Gloria and Curtis Early have been doing Civil War re enactments for the past twenty years in which Curtis portrays General Early and Gloria portrays a southern belle They give talks at school libraries Civil War round tables encampments and other events on the significance of the Civil War Additionally they travel to many states to do the re enactments and they spend much of their time researching various topics related to the Civil War In 2005 Curtis and his grandson Patrick walked down the Shenandoah Valley traveling over 170 miles in twelve days The ground that he covered represented the middle part of General Earlys famous march from Cold Harbor Virginia to the gates of Washington in 1864 Curtis has also walked from Hanging Rock Virginia to Winchester Virginia to raise money for the restoration of General Earlys house in Virginia which dates to the late 1700s Curtis and Gloria have written Ohio Confederate Connection together to help people better understand what really caused the Civil War the War Between the States Included is a list of recommended reading about the Civil War [Science Progress in the Twentieth Century](#) ,1929 [Green History](#) Thomas S. Martin,2000 In Western culture domination and hierarchy are evident in three principal ways the oppression of people by other people the oppression of women by men and the oppression of nature by human beings Combining perspectives from anarchist feminist and ecological movements in addressing these three tyrannies Green philosophy has the potential to constitute the basis of any post Western worldview that renounces domination and hierarchy including those that inform the writing and teaching of history Although books on historiography and historical method are legion few start from a Green or post Western perspective In Green History Tom Martin follows up his Greening of the Past with a thought provoking examination of the basic assumptions

underlying Western historical thought from a Green standpoint Martin argues that Western historiography and historical method are fundamentally flawed and that our entire view of the past needs rethinking He offers a cogent critique of Western historiography and suggestions on possible directions for Green methodology narrative and focus Provocative and insightful Green History is a timely work that will engage historians interested in the future of their discipline

## **Facts The Historians Leave Out** Book Review: Unveiling the Power of Words

In a global driven by information and connectivity, the power of words has be evident than ever. They have the ability to inspire, provoke, and ignite change. Such could be the essence of the book **Facts The Historians Leave Out**, a literary masterpiece that delves deep into the significance of words and their impact on our lives.
