Much Ado About Nonexistence Fiction And Reference Avrum Stroll:

Much Ado About Nonexistence Avrum Stroll, 2007-04-26 The problem of the nature of fiction and the problem of nonexistence are closely tied because fiction often talks about nonexistent entities In *Fiction Reference and Nonexistence* A P Martinich and Avrum Stroll two of America's leading philosophers explore fiction and undertake an analytic philosophical study of fiction and its reference and its relation to truth Included in the discussion is the authors new contemporary theory of fiction developed as an extension of the speech act theory of H P Grice as well as the relationship between nonexistence and Bertrand Russell's well known theory of definite descriptions and Hilary Putnam's theory of the relationship between common names and the world

Much Ado about Nonexistence Aloysius Martinich, Avrum Stroll, 2007 *Fiction Reference and Nonexistence* contains a new contemporary theory of fiction and discusses the connection between language and reality Martinich and Stroll two of America's leading philosophers explore fiction and undertake an analytic philosophical study of fiction and its reference and its relation to truth

Fiction: Oxford Bibliographies Online Research Guide Oxford University Press, 2010-06-01 This ebook is a selective guide designed to help scholars and students of social work find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books chapters and journal articles to online archives electronic data sets and blogs Written by a leading international authority on the subject the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related This ebook is a static version of an article from Oxford Bibliographies Online Philosophy a dynamic continuously updated online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study Philosophy Oxford Bibliographies Online covers most subject disciplines within the social science and humanities for more information visit www.oxfordbibliographies.com

All for Nothing Andrew Cutrofello, 2014-08-22 Hamlet as performed by philosophers with supporting roles played by Kant Nietzsche and others A specter is haunting philosophy the specter of Hamlet Why is this Wherefore What should we do Entering from stage left the philosopher's Hamlet The philosopher's Hamlet is a conceptual character played by philosophers rather than actors He performs not in the theater but within the space of philosophical positions In *All for Nothing* Andrew Cutrofello critically examines the performance history of this unique role The philosopher's Hamlet personifies negativity In Shakespeare's play Hamlet's speech and action are characteristically negative he is the melancholy Dane Most would agree that he has nothing to be cheerful about Philosophers have taken Hamlet to embody specific forms of negativity that first came into view in modernity What the figure of the Sophist represented for Plato Hamlet has represented for modern philosophers Cutrofello analyzes five aspects of Hamlet's negativity his melancholy negative faith nihilism tarrying which Cutrofello distinguishes from delaying and nonexistence Along the way we meet Hamlet in the texts of Kant Coleridge Hegel Marx Schopenhauer Kierkegaard Nietzsche

Freud Russell Wittgenstein Heidegger Benjamin Arendt Schmitt Lacan Deleuze Foucault Derrida Badiou i ek and other philosophers Whirling across a kingdom of infinite space the philosopher s Hamlet is nothing if not thought provoking

Secrecy and Disclosure in Victorian Fiction Leila Silvana May, 2016-07-15 Why were the Victorians more fascinated with secrecy than people of other periods What is the function of secrets in Victorian fiction and in the society depicted how does it differ from that of other periods and how did readers of Victorian fiction respond to the secrecy they encountered These are some of the questions Leila May poses in her study of the dynamics of secrecy and disclosure in fiction from Queen Victoria s coronation to the century s end May argues that the works of writers such as Charlotte Bront William Makepeace Thackeray Mary Elizabeth Braddon Edward Bulwer Lytton and Arthur Conan Doyle reflect a distinctly Victorian obsession with the veiling and unveiling of information She argues that there are two opposing vectors in Victorian culture concerning secrecy and subjectivity one presupposing a form of radical Cartesian selfhood always remaining a secret to other selves and another showing that nothing can be hidden from the trained eye May calls the relation between these clashing tendencies the dialectics of secrecy and disclosure May s theories of secrecy and disclosure are informed by the work of twentieth century social scientists She emphasizes Georg Simmel s thesis that sociality and subjectivity are impossible without secrecy and Erving Goffman s claim that sociality can be understood in terms of performativity the presentation of the self in everyday life and his revelation that performance always involves disguise hence secrecy May s study offers convincing evidence that secrecy and duplicity in contrast to the Victorian period s emphasis on honesty and earnestness emerged in response to the social pressures of class gender monarchy and empire and were key factors in producing both the subjectivity and the sociality that we now recognize as Victorian

Informal Philosophy Avrum Stroll, 2009-04-16 Informal Philosophy provides an original look at how we should understand and teach philosophy Avrum Stroll persuasively argues that philosophy should be evaluated using its own methodology and should not merely mimic formal scientific analysis because while modern science does inform our philosophical views about man and his place in nature it does not solve philosophical problems

Fiction and Representation Zoltán Vecsey, 2019-06-17 One of the basic insights of the book is that there is a notion of non relational linguistic representation which can fruitfully be employed in a systematic approach to literary fiction This notion allows us to develop an improved understanding of the ontological nature of fictional entities A related insight is that the customary distinction between extra fictional and intra fictional contexts has only a secondary theoretical importance This distinction plays a central role in nearly all contemporary theories of literary fiction There is a tendency among researchers to take it as obvious that the contrast between these two types of contexts is crucial for understanding the boundary that divides fiction from non fiction Seen from the perspective of non relational representation the key question is rather how representational networks come into being and how consumers of literary texts can and do engage with these networks As a whole the book provides for the first time a comprehensive artefactualist account of the

nature of fictional entities **The Lonely Mind of God** Sherman O'Brien, 2021-01-26 Current students of philosophy or armchair philosophers Want the answer to the Primordial Existential Question Why is there something rather than nothing While history has produced no shortage of attempted answers clearly none is the answer Now comes the unique perspective of acosmism to provide a complete and plausible answer After a lifetime of reflection acosmist Sherman O'Brien offers this analysis of the issues and a thoughtful reasoned answer to philosophy's most vexing question The acosmic answer requires no faith whatsoever either in supernatural or unexplained causes in fact it discourages it Acosmism rejects both traditional religion and philosophically neglectful science As a metaphysical system it is based on an epistemological insight with implications for immortality determinism ethics and ultimate purpose Reasoned wholly from the ground up its conclusion is the very meaning of existence The solution to the Omniscience Riddle becomes the key to understanding how the question is best stated and understood This book represents one person's effort to make sense of what is true and what only seems to be so Why is there something rather than nothing What is your potential role in the entirety of experience This foray into acosmism offers a path to the genuine understanding of both existence and reality Note the main text constitutes roughly two thirds of the total pages the remainder being mostly endnotes Meaning in Law: A Theory of Speech Charles W. Collier, 2009-08-07 Despite widespread admiration for the First Amendment's protection of speech this iconic feature of American legal thought has never been adequately theorized Existing theories of speech proceed on the basis of legal doctrine and judicial decisionmaking social and political philosophy or legal and intellectual history But these are not the disciplines one would most naturally turn to in analyzing speech Meaning in Law A Theory of Speech takes a new and different approach This book develops a general legal theory of speech on the basis of linguistic theory and the philosophy of language The opening chapters retrace the main conceptual stages in the expression of meaning from natural meaning through symbolism to signification Later chapters analyze symbolic speech communication by nonlinguistic means as the key to developing an intention based theory of speech The essential elements of the theory are 1 nonnatural meaning 2 the signaling of intent 3 the recognition of intent and 4 establishing a convention A final chapter applies these insights to the case law of symbolic speech and resolves some basic confusions in the legal literature This analysis proceeds by way of an original distinction between actual conduct in the real world and the ideal conduct described in a statute The former may be described both as communicative and noncommunicative while the latter has already been conceptualized as either communicative or noncommunicative This distinction clears up a major legal quandary how conduct that counts as communication may nevertheless be regulated or prohibited without running afoul of the First Amendment's protection of speech Rehabilitating Inerrancy in a Culture of Fear Carlos R. Bovell, 2012-02-20 The notion that the Bible is inerrant in everything it teaches is something those with conservative upbringings are conditioned to take for granted However after being exposed to scholarship in biblical studies and other disciplines some draw the unexpected conclusion that inerrancy as

a doctrine is in dire need of serious revamping Unfortunately inerrantist politics and culture are making the constructive restorative process impossible to initiate In *Rehabilitating Inerrancy in a Culture of Fear* Carlos Bovell offers a synoptic overview of the issues to be addressed if inerrancy is to survive as a viable bibliological option

Introducing Philosophy: Knowledge and Reality Jack S. Crumley II, 2016-08-15 This book introduces the central issues of metaphysics and epistemology from skepticism justification and perception to universals personal identity and free will Though topically organized the book integrates positions and examples from the history of philosophy Plato Descartes and Leibniz are discussed alongside Quine Kripke and Haslinger Peripheral ideas and related historical asides are offered in boxes interspersed within the text providing further depth without disrupting the author's lucid explanations of central themes and arguments Original illustrations by Gillian Wilson are included throughout giving interesting and clear visual representations of many of the book's examples and thought experiments

Adventures in Chinese Realism Eirik Lang Harris, Henrique Schneider, 2022-03-01 Realism or Legalism was once a significant influence in classical Chinese philosophy later eclipsed by Confucianism Its ideas however remain alive and powerful Realists propose dealing with real world problems using real world instruments such as incentives rewards institutions and punishments *Adventures in Chinese Realism* updates Chinese Realism to explain contemporary political and philosophical issues in a matter of fact thought provoking way Contributors to this volume demonstrate how many of the Legalist recipes for creating strength security and order can be applied today In many areas international relations corporate ethics the organization of the public sector and the roles that bureaucrats and politicians play Realism offers unique ways to align these inherently particularistic actions with the broader common good

Revising Fiction, Fact, and Faith Nathaniel Goldberg, Chris Gavalier, 2020-07-01 This book addresses how our revisionary practices account for relations between texts and how they are read It offers an overarching philosophy of revision concerning works of fiction fact and faith revealing unexpected insights about the philosophy of language the metaphysics of fact and fiction and the history and philosophy of science and religion Using the novels of J R R Tolkien as exemplars the authors introduce a fundamental distinction between the purely physical and the linguistic aspects of texts They then demonstrate how two competing theories of reference descriptivism and referentialism are instead constitutive of a single semantic account needed to explain all kinds of revision The authors also propose their own metaphysical foundations of fiction and fact The next part of the book brings the authors philosophy of revision into dialogue with Thomas Kuhn's famous analysis of factual and specifically scientific change It also discusses a complex episode in the history of paleontology demonstrating how scientific and popular texts can diverge over time Finally the authors expand their philosophy of revision to religious texts arguing that rather than being distinct such texts are always read as other kinds that faith tends to be more important as evidence for religious texts than for others and that the latter explains why religious communities tend to have remarkable historical longevity *Revising Fiction Fact and Faith* offers a unique and comprehensive

account of the philosophy of revision It will be of interest to a wide range of scholars and advanced students working in philosophy of language metaphysics philosophy of literature literary theory and criticism and history and philosophy of science and religion *Fictional Objects* Stuart Brock,Anthony Everett,2015-06-04 Eleven original essays discuss a range of puzzling philosophical questions about fictional characters and more generally about fictional objects For example they ask questions like the following Do they really exist What would fictional objects be like if they existed Do they exist eternally Are they created Who by When and how Can they be destroyed If so how Are they abstract or concrete Are they actual Are they complete objects Are they possible objects How many fictional objects are there What are their identity conditions What kinds of attitudes can we have towards them This volume will be a landmark in the philosophical debate about fictional objects and will influence higher level debates within metaphysics the philosophy of mind and the philosophy of language

The Philosophical Review Jacob Gould Schurman,James Edwin Creighton, Frank Thilly, Gustavus Watts Cunningham,2009 An international journal of general philosophy Z. Angl. Am ,2008 **Searle's Philosophy and Chinese Philosophy** Bo Mou,2008-06-30 This volume investigates how through critical engagement the philosophy of John Searle in the Western analytic tradition and some thoughts and strands in Chinese philosophy can jointly contribute to the common philosophical enterprise and shows how such comparative methodology of constructive engagement is important or even indispensable in philosophical inquiry The anthology includes Searle s keynote essay and 15 engaging pairs of essay reply dialogues each of which consists of one previously unpublished essay by some expert s and Searle s engaging reply and which are organized into four subjects respectively on mind language morality and meta philosophical methodological issues The anthology also includes the volume editor s theme introduction on the constructive engagement movement in view of Searle s philosophy and Chinese philosophy Contributors include Robert E Allinson Chung ying Cheng Kim chong Chong Chris Fraser Yiu ming Fung Soraj Hongladarom Joel W Krueger B Jeannie Lum Aloysius P Martinich Bo Mou Anh Tuan Nuyen John R Searle Avrum Stroll Marshall D Willman Kai yee Wong and Yujian Zheng *Reclaiming Control as a Semantic and Pragmatic Phenomenon* Patrick Duffley,2014-10-15 This monograph is part of a growing research agenda in which semantics and pragmatics not only complement the grammar but replace it The analysis is based on the assumption that human language is not primarily about form but about form meaning pairings This runs counter to the autonomous syntax postulate underlying Landau 2013 s Control in Generative Grammar that form must be hived off from meaning and studied separately Duffley shows control to depend on meaning in combination with inferences based on the nature of the events expressed by the matrix and complement the matrix subject the semantic relation between matrix and complement and a number of other factors The conclusions call for a reconsideration of Ariel 2010 s distinction in Defining Pragmatics between semantics and pragmatics on the basis of cancelability many control readings are not cancelable although they are pragmatically inferred It is proposed that the line be drawn rather between what is linguistically expressed and what is not linguistically expressed but still

communicated **An Introduction to Metaphysics** Jack S. Crumley II, 2021-12-09 An Introduction to Metaphysics offers an engrossing survey of central metaphysical topics including truth universals the nature of mind personal identity free will time and the existence of God The book is pitched at an intermediate undergraduate level and is suitable for students without background knowledge in these areas Topically organized it examines a variety of historical and contemporary positions relevant to each of the included themes Memorable and amusing drawings by Gillian Wilson are interspersed throughout the text to illustrate concepts and examples **Proceedings and Addresses of the American Philosophical Association** American Philosophical Association, 2013-11 List of members in v 1

The book delves into Much Ado About Nonexistence Fiction And Reference Avrum Stroll. Much Ado About Nonexistence Fiction And Reference Avrum Stroll is a crucial topic that must be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Much Ado About Nonexistence Fiction And Reference Avrum Stroll, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Much Ado About Nonexistence Fiction And Reference Avrum Stroll
 - Chapter 2: Essential Elements of Much Ado About Nonexistence Fiction And Reference Avrum Stroll
 - Chapter 3: Much Ado About Nonexistence Fiction And Reference Avrum Stroll in Everyday Life
 - Chapter 4: Much Ado About Nonexistence Fiction And Reference Avrum Stroll in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Much Ado About Nonexistence Fiction And Reference Avrum Stroll. This chapter will explore what Much Ado About Nonexistence Fiction And Reference Avrum Stroll is, why Much Ado About Nonexistence Fiction And Reference Avrum Stroll is vital, and how to effectively learn about Much Ado About Nonexistence Fiction And Reference Avrum Stroll.
 3. In chapter 2, the author will delve into the foundational concepts of Much Ado About Nonexistence Fiction And Reference Avrum Stroll. The second chapter will elucidate the essential principles that must be understood to grasp Much Ado About Nonexistence Fiction And Reference Avrum Stroll in its entirety.
 4. In chapter 3, this book will examine the practical applications of Much Ado About Nonexistence Fiction And Reference Avrum Stroll in daily life. The third chapter will showcase real-world examples of how Much Ado About Nonexistence Fiction And Reference Avrum Stroll can be effectively utilized in everyday scenarios.
 5. In chapter 4, the author will scrutinize the relevance of Much Ado About Nonexistence Fiction And Reference Avrum Stroll in specific contexts. This chapter will explore how Much Ado About Nonexistence Fiction And Reference Avrum Stroll is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, the author will draw a conclusion about Much Ado About Nonexistence Fiction And Reference Avrum Stroll. The final chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Much Ado About Nonexistence Fiction And Reference Avrum Stroll.
