

Some children are playing basketball at the Pattern Playground. As each person shoots the ball, they call out a number, as shown in the table.

Name	Number
Jan	25
Kate	34
Alan	49
Lisa	
Don	
Ann	

If this pattern continues, what number will Jan call out as she shoots?

Tim buries 49 of his action figures in the sandbox at the Pattern Playground. At 11:00 a.m., his friend Ron starts digging to find the action figures. By 11:10 a.m., Ron has 42 figures left to uncover. By 11:20 a.m., 35 of the action figures are still buried. At 11:30 a.m., Ron still has to dig up 28 figures. If this pattern continues, at what time will Ron have 7 action figures left to dig up?

Kamico Instructional Media Worksheets:

The Results Fieldbook Mike Schmoker, 2001-09-15 Looks at educational practices that can make an immediate and profound difference in student learning The Results Fieldbook Michael J. Schmoker, 2001 What is the single most important event of the school year that affects school improvement How do you measure school improvement How can simple tools already at your fingertips work more effectively to improve student achievement in reading math and more The Results Fieldbook answers these questions and describes in abundant practical detail how five school systems overcame obstacles and achieved exceptional results for all their students These schools focused on the proven core concepts that Mike Schmoker described in both editions of his first ASCD book Results The Key to Continuous School Improvement Supplementing the five case studies brief vignettes written by practitioners show how core practices teamwork the use of achievement data and planning for measurable goals made an immediate and profound difference in student learning at their respective schools A close look at these school systems reveals the simplicity of school improvement efforts built around the still overlooked and most potent force in improvement collective organized teacher intelligence This book contains easily adapted processes and refinements that result from such teacher collaboration and all but guarantee measurable improvement Tables figures and appendixes illustrate effective data collection processes and at the conclusion a three part synthesis of the best of these systems provides practical steps toward implementing this radically more effective approach to school improvement starting with preservice education *Official Gazette of the United States Patent and Trademark Office*, 2001
