Theory of Graded Consequence Mihir Kumar Chakraborty,Soma Dutta,2019-07-22 This book introduces the theory of graded consequence GCT and its mathematical formulation It also compares the notion of graded consequence with other notions of consequence in fuzzy logics and discusses possible applications of the theory in approximate reasoning and decision support systems One of the main points where this book emphasizes on is that GCT maintains the distinction between the three different levels of languages of a logic namely object language metalanguage and metametalinguage and thus avoids the problem of violation of the principle of use and mention it also shows gathering evidences from existing fuzzy logics that the problem of category mistake may arise as a result of not maintaining distinction between levels
