Romanticism and Women Poets Harriet Kramer Linkin,Stephen C. Behrendt,2021-10-21 One of the most exciting developments in Romantic studies in the past decade has been the rediscovery and repositioning of women poets as vital and influential members of the Romantic literary community This is the first volume to focus on women poets of this era and to consider how their historical reception challenges current conceptions of Romanticism With a broad revisionist view the essays examine the poetry these women produced what the poets thought about themselves and their place in the contemporary literary scene and what the recovery of their works says about current and past theoretical frameworks The contributors focus their attention on such poets as Felicia Hemans Letitia Elizabeth Landon Charlotte Smith Anna Barbauld Mary Lamb and Fanny Kemble and argue for a significant rethinking of Romanticism as an intellectual and cultural phenomenon Grounding their consideration of the poets in cultural social intellectual and aesthetic concerns the authors contest the received wisdom about Romantic poetry its authors its themes and its audiences Some of the essays examine the ways in which many of the poets sought to establish stable positions and identities for themselves while others address the changing nature over time of the reputations of these women poets *Saturday Review* ,1866 *Heaven's Interpreters* Ashley Reed,2020-09-15 In Heaven s Interpreters Ashley Reed reveals how nineteenth century American women writers transformed the public sphere by using the imaginative power of fiction to craft new models of religious identity and agency Women writers of the antebellum period Reed contends embraced theological concepts to gain access to the literary sphere challenging the notion that theological discourse was exclusively oppressive and served to deny women their own voice Attending to modes of being and believing in works by Augusta Jane Evans Harriet Jacobs Catharine Maria Sedgwick

Elizabeth Oakes Smith Elizabeth Stoddard Harriet Beecher Stowe and Susan Warner Reed illuminates how these writers infused the secular space of fiction with religious ideas and debates imagining new possibilities for women s individual agency and collective action Thanks to generous funding from Virginia Tech and its participation in TOME Toward an Open Monograph Ecosystem the ebook editions of this book are available as Open Access volumes from Cornell Open cornellpress.cornell.edu cornell.open and other repositories
