the worst off Counterintuitively anthropologist Shalini Shankar argues that far from being simply overstressed and overscheduled Gen Z spelling bee competitors are learning crucial twenty first century skills from their high powered lives displaying a sophisticated understanding of self promotion self direction and social mobility Drawing on original ethnographic research including interviews with participants judges and parents Shankar examines the outsize impact of immigrant parents and explains why Gen Z kids are on a path to success Reading for Our Lives Maya Payne Smart,2025-04-29 Completely revised and updated Now in paperback An award winning journalist and literacy advocate provides a clear step by step guide to helping your child thrive as a reader and a learner Today s children face intense pressure to meet rising academic standards and prepare for future careers but most fall dangerously short Early struggles with language and literacy often snowball into lasting disadvantages Millions of U S kids don t learn to read well in elementary school driving low adult literacy rates and threatening the nation s economic productivity public health and social equity In Reading for Our Lives journalist Maya Payne Smart shows that the literacy crisis starts at home Too many parents expect schools to unlock their child s reading potential unaware that even the best classroom instruction which most don t get can t make up for weak early preparation or inconsistent support outside of school Smart breaks down the latest research to show parents how to do their part to build essential literacy skills She busts the myth that bedtime stories are parents greatest contribution to kids reading development She advocates instead for weaving a range of simple fun free literacy habits and activities into everyday family life and shows you how to do it With optimism and evidence Reading for Our Lives delivers a clear call to action and a path forward for families schools and communities to beat the literacy crisis together

Jewish Population and Identity Sergio DellaPergola,Uzi Rebhun,2018-09-19 This book examines the fundamentals of Jewish demography and sociology around the world It is not only concerned with documenting patterns of population change but also with an intriguing and ever present issue like Who is a Jew The latter transcends the limits of quantitative assessment and deeply delves into the nature boundaries and quality of group identification A growing challenge is how to bridge between concept related to ideals and theory and reality reflecting field research Divided into six sections the book discusses historical demography immigration and settlement population dynamics social stratification and economy family and Jewish identity in the U S and Jewish identity in Israel The volume represents the dynamic and diverse nature of the study of world and local Jewish populations It shows how that field of study provides an important contribution to the broader and now rapidly expanding study of religious and ethnic groups Scholarsin disciplines such as history geography sociology economics political science and especially demography follow and analyze the social and cultural patterns of Jews in different places around the globe at various times and from complementary perspectives They make use of historical sources that have recently become accessible utilize new censuses and surveys and adopt advanced analytical methods While some of their observations attest to consistency in the Jews demographic and identificational patterns others evolve and ramify in new

directions that reflect general processes in the areas and societies that Jews inhabit internal changes within Jewish communities and intergenerational trends in personal preferences of religious and ethnic orientations This volume brings together contributions from scholars around the world and presents new and updated research and insights *Hyper Education* Pawan Dhingra, 2021-09-07 An up close look at the education arms race of after school learning academic competitions and the perceived failure of even our best schools to educate children Beyond soccer leagues music camps and drama lessons today's youth are in an education arms race that begins in elementary school In *Hyper Education* Pawan Dhingra uncovers the growing world of high achievement education and the after school learning centers spelling bees and math competitions that it has spawned It is a world where immigrant families vie with other Americans to be at the head of the class putting in hours of studying and testing in order to gain a foothold in the supposed meritocracy of American public education A world where enrichment centers like Kumon have seen 194 percent growth since 2002 and target children as young as three Even families and teachers who avoid after school academics are getting swept up Drawing on over 100 in depth interviews with teachers tutors principals children and parents Dhingra delves into the why people participate in this phenomenon and examines how schools families and communities play their part Moving past Tiger Mom stereotypes he addresses why Asian American and white families practice what he calls hyper education and whether or not it makes sense By taking a behind the scenes look at the Scripps National Spelling Bee other national competitions and learning centers Dhingra shows why good schools good grades and good behavior are seen as not enough for high achieving students and their parents and why the education arms race is likely to continue to expand *The Best Boy in the United States Of America* Dr. Ron Wolfson, 2015-07-31 Powerful life lessons in a funny and moving portrait of family community and spiritual discovery in America Hilarious and heartfelt Ron Wolfson's inspiring memoir is filled with stories of growing up in a warm family encountering colorful characters like the merchants of Omaha and the famous Warren Buffett navigating adolescence and learning never to underestimate his mother With easygoing Midwestern humor and profound poignancy Ron's true stories of family and community in the United States of America will resonate with anyone seeking to shape stronger families create compelling communities and live their best life a life of joy and laughter meaning and purpose and yes blessings and kisses I am the best boy in the United States of America That's what my grandfather my Zaydie called me from the time I was a little child in Omaha Nebraska I know it's true because this is a true story All my stories are true Zaydie loved three things his family his business and his adopted country the United States of America I never ever heard Zaydie say the United States It was always da United States of America in his thick Russian accent For Louie Paperny each one of his nine grandchildren was the best boy or the best girl in the United States of America We believed him I believed him And in a certain way I've lived the rest of my life trying to be that best boy from Chapter 1 *Leapfrog* Mukesh Sud, Priyank Narayan, 2022-11-18 Are maestros born or made By making ideas mate can you create new ones How do you develop a mindset that helps you thrive

Can you nudge yourself into being more productive at work Is it possible for you to debunk bullshit from the clutter all around Find the answers to these questions and several more in Leapfrog Leapfrog in the context of thriving at work is a scenario when a new entrant outperforms others How do they achieve this Are high performers born or made Is there a way to nudge yourself into being more successful at work and also in life With its six evidence based insights this book is poised to help you to advance your career at an incredible pace To begin with the first step is to develop grit along with the ability to embrace boredom The second practice leaning on behavioral economics focusses on nudging yourself to make better choices The third practice is about being intellectually humble by accepting limits to what you know The chapter on dancing with disciplines celebrates the magic of ideas colliding to create new ones In a world full of noise and bullshit you will need to curate choices to maintain a focus on what is relevant to you The last practice helps you think like an entrepreneur and develop the ability to ask for what you want Based on their extensive experience of teaching and mentoring students the authors have developed a framework called the Personal Journey Map PJM which will help you imbibe and implement the six practices by capturing your current repertoire scanning the landscape ahead and curating a path to a career in which you can prosper

Chalta Hai India Alpesh Patel,2018-10-18 India once commanded a massive 30 per cent share of the

global GDP and led the world in most fields but today the country sadly is a developing nation People often attribute India's sluggish progress to the malaise called the Chalta Hai It's okay Let it be attitude but not everyone agrees with that presupposition Debates on the subject are often inconclusive and discomfiting questions remain unanswered Are we really a Chalta Hai nation Is Chalta Hai ingrained in our DNA or is it just a bad habit which can be easily exterminated Will this attitude stop India from becoming a global power Alpesh Patel delves into this quirky Indian approach and answers these questions by examining the country's pace of progress in fields such as education infrastructure films and sports since Independence The book revisits our cultural ideological and political history over three millennia to trace the roots of the Chalta Hai attitude of Indians Interesting facts and unsettling inferences force the reader to introspect and awaken him to the need for an urgent action Finally the book charts out methods and suggestions on how to get rid of the Chalta Hai attitude and take India closer to the dream of becoming a developed nation
