**The Natural Medicine Guide to Addiction** Stephanie Marohn, 2004-05-01 Medical journalist Stephanie Marohn eases the pain and trauma of addiction recovery in this guide one in a series dealing with ailments such as anxiety and depression In layman s terms she discusses how chemical imbalances in the brain create addiction and withdrawal symptoms and how they can be restored Suggestions include amino acid supplements to regulate sugar levels herbs such as chamomile valerian root to relax the nervous system acupuncture aromatherapy candle therapy and so on Marohn s view of addiction is clear enough to see the big picture which encompasses everything from crippling drug addiction to minor apparently harmless habits such as compulsive shopping According to Marohn addiction is a problem that effects over 100 million people every year and needn t be seen as either freakish or a sign of weakness Furthermore there is a way to recover that does not compromise a holistic lifestyle through pharmaceutical medicines should one choose this path

**The Natural Medicine Guide to Depression** Stephanie Marohn, 2003-01-01 Make Depression a Thing of the Past Depression is startlingly widespread in the U S with some 30 million people nearly one out of ten people taking Prozac to alleviate symptoms One in four women will have clinical depression in their lifetime as will one in eight adolescents or men Yet even with so many on antidepressants depression remains rampant and nobody is getting truly healed Why The answer is that the true causes of depression are not being treated explains medical journalist Stephanie Marohn Drawing on the successful clinical results of 11 practitioners from different fields of natural medicine she shows convincingly how depression can be reversed for good without drugs By treating the underlying causes of depression rather than suppressing the symptoms as most pharmaceutical drugs do you can have lasting recovery So what does cause depression Marohn identifies 16 different causes from chemical and heavy metal toxicity to hormonal imbalances to food allergies and neurotransmitter

deficiencies to intestinal problems and psychospiritual issues And what heals it Marohn reviews a rich array of successful nondrug based treatment approaches including applied psychoneurobiology chelation allergy elimination neural therapy anthroposophic medicine acupuncture herbs homeopathy CranioSacral therapy flower essences visceral manipulation shamanic healing and more Marohn also draws from real life patient stories to show how healing from depression works It's all backed by science and clinical results You don't have to learn how to cope with depression The uplifting message of *The Natural Medicine Guide to Depression* is that you can actually heal your depression through proven treatments from natural medicine

*The Natural Medicine Guide to Autism* Stephanie Marohn, 2013-01-01 As autism rates in children continue to rise the latest studies suggest anywhere from 1 in 50 to 1 in 100 American children is autistic parents are scrambling to find effective treatment methods *The Natural Medicine Guide to Autism* offers answers by exploring a range of effective treatment options and the possibility of a positive outcome via natural medicine therapies The book covers the basics of autism what it is and what causes it and the factors that are often involved in the disorder heavy metal toxicity nutritional deficiencies imbalances food allergies digestive problems and fungal overgrowth viruses or viral overload immune dysfunction problems in the birthing process energetic legacies from unresolved family issues in previous generations and vaccines It also covers a range of natural medicine treatments including elimination diets listening and learning skills nutritional supplements to correct imbalances cranial osteopathy to reverse birth trauma and many more A chapter is also devoted to the deeper question of what makes a child susceptible to autism Included in this discussion is the work of William J Walsch PhD whose research may well have pinpointed the genetic component of autism that has previously eluded scientific inquiry
