compelling dramatis personae of World War II Beyond spellbinding depictions of pivotal confrontations at El Alamein Monte Cassino and the Ardennes forest author scholar Terry Brighton illuminates the personal motivations and historical events that propelled the three men s careers how Patton s Montgomery s and Rommel s Great War experiences helped to mold their style of command and how exactly they managed to apply their arguably megalomaniacal personalities and hitherto unrecognized political acumen and tact to advance their careers and strategic vision Opening new avenues of inquiry into the lives and careers of three men widely profiled by scholars and popular historians alike Brighton definitively answers numerous lingering and controversial questions Was Patton really as vainglorious in real life as he was portrayed to be on the silver screen and how did his tireless advocacy of mechanized cavalry forever change the face of war Was Monty s dogged publicity seeking driven by his own need for recognition or by his desire to claim for Britain a leadership role in postwar global order and how did this prickly commoner manage to earn affection and esteem from enlisted men and nobility alike How might the war have ended if Rommel had had more tanks and what fundamental philosophical difference between him and Hitler made such an outcome virtually impossible Abetted by new primary source material and animated by Terry Brighton s incomparable storytelling gifts *Patton Montgomery Rommel* offers critical new interpretations of the Second World War as it was experienced by its three most flamboyant controversial and influential commanders and augments our understanding of each of their perceptions of war and leadership [Masters of Battle](#) Terry Brighton,2009-03-05 In the Second World War Great Britain the United States and Germany each produced one land force commander who stood out from the rest Bernard Montgomery George Patton and Erwin Rommel These three armour plated egos were the greatest generals of the war and theirs was a very personal contest the clash of mighty armies perceived as a bout between three men All three were arrogant and flawed yet with a genius for the command of men and an unrivalled enthusiasm for combat All had spectacular success on the battlefield But their explosive relationships with each other and with their political masters rivalled the pyrotechnics of their tank battles in determining the conduct and outcome of the war *Masters of Battle* presents the Second World War as it was experienced by its three most flamboyant controversial and influential commanders [Final Cut Pro X 10.4 - How It Works](#) Edgar Rothermich,2018-06-17 This book is also available as a pdf download for 16 from my website DingDingMusic com Manuals The first full featured Final Cut Pro 10 4 Book revised for v10 4 3 Final Cut Pro 10 4 How it Works explains Final Cut Pro X in great details with lots of graphics and diagrams that are not found in any other publication or any videos This is a completely revised and extended version of the previous best selling books Final Cut Pro X How it Works and Final Cut Pro X The Details with in depth explanations of all the new features like Roles and Lanes Captions 360 Video plus unique illustrations on how metadata based audio works in Final Cut Pro Also it shows the complete Touch Bar functionality and integration Unlike the previous two books Final Cut Pro X How it Works and Final Cut Pro X The Details this new book Final Cut Pro 10 3 How it Works covers the entire content of Final Cut Pro X on 470 pages in full color
