Novel), Part Three: "The Red-Eye Shift" Wayne Kyle Spitzer, 2018-01-13 He hadn't run far when he came across the first body as well as the first raptor the body laying slit open from throat to crotch while the raptor devoured its unspooled intestines and Red squeezed off a round blowing a hole in its head which shot a stream of dark blood no less than six feet before the beast dropped like a sandbag and Red circled around to find the others but mostly to find Charlotte He heard her shout above the engine of one of the rides Red I'm over here The Scrambler He scanned the amusements quickly and saw her long brown hair blowing from one of the ride's carriages she had activated the thing and sought refuge on it and was now being swung and whipped about dizzyingly even as a trio of cavern raptors tried to attack He ran to the fence which encircled the attraction and quickly chambered a round but found it difficult to target any animals as they scrambled to dodge the carriages darting this way and that with frantic precision even as they persisted in the assault *Flashback Dawn (A Serialized Novel), Part Two: "The Devil's Shambhala"* Wayne Kyle Spitzer, 2018-01-12 You all need to understand something he said finally slowly re-slinging his gun and that is that before I found this place I was precinct commander of an entire police force dedicated to combating these things And if there's one thing we learned He paused smiling a little to himself We He seemed to dismiss the thought If there's one thing we learned before our unit was torn to pieces one thing they learned my men before being bitten in half beheaded slit open by sickle claws so that their intestines unspooled across the city streets like sausage links is that these things are not animals He smiled to himself again as though reliving a lifetime's worth of humbling nightmares No an animal is something comprehensible even relatable An animal is something flesh and blood same as you or me with the same needs the same hunger the same will to survive But these things these so-called dinosaurs and prehistoric cats they're not animals not the way we understand them They're weapons They have purpose Intent They've been infused with it somehow Someone something has weaponized them against us He nodded slowly distantly Those lights in the sky I think And I can promise you this they will not go away The haunting smile returned as he shook his head They won't give up you understand And they won't stop until every man woman and child in this compound has been torn apart and devoured Flashback, 19?? *Flashback Dawn (A Serialized Novel), Part One: "Naaygi"* Wayne Kyle Spitzer, 2018-01-12 Jesus Corbin your window shrieked Charlotte too late as one of the beasts' heads darted deep into the cab and began thrashing about violently The Jeep careened against the shelves as Red lost control first to the left then to the right causing groceries to cascade down the windshield and to roll off the hood as Charlotte slid the pistol from her holster and opened fire on the velociraptor which bucked and leapt banging its head against the ceiling before reversing itself back through the window and falling away Corbin cranked up his window and looked at her over his shoulder as Red regained control and said albeit begrudgingly Thank you But Charlotte was no longer looking at his face instead she had focused on his shoulder which had been laid open by the raptor's flashing teeth and now bled profusely over his policeman's uniform and down the side of his seat causing Red to reach behind himself awkwardly and fish around for something even as

he accelerated for the front doors of the supermarket There s a First Aid kit behind my seat he said and Charlotte quickly joined in the search even as Red added It s right here and took his eyes off the wheel just long enough for Corbin to shout Red He d scarcely had time to refocus on the wheel before he noticed a lithe figure awash in the headlights a figure shorter than the average person and swathed in what appeared to be animal hides holding a spear who turned its head to face them and regarded them briefly as its her eyes flashed with terror and the Jeeps push bar collided with her body **Flashback**

Nevada Barr,2013-06-06 Escaping a proposal of marriage from Sheriff Paul Davidson Anna Pigeon takes a post as a temporary supervisory ranger on remote Garden Key in Dry Tortugas National Park a grouping of tiny islands in a natural harbour seventy miles off Key West This island paradise has secrets it would keep not just in the present but in shadows from its gritty past when it served as a prison during the Civil War and for the Lincoln assassination conspirators afterward Here on this last lick of the United States in a giant crumbling fortress Anna has little company besides the occasional sunburned tourist or unruly shrimper When her sister Molly sends her a packet of letters from a great great aunt who lived at the fort with her husband a career soldier Anna s fantasy life is filled with visions of this long ago time But a mysterious boat explosion and the discovery of unidentifiable body parts keeps Anna anchored to the present and she soon finds crimes of yesterday and today closing in on her A tangled web that was woven before she arrived threatens her sanity and her life Cut off from the mainland by miles of water poor phone service and sketchy radio contact Anna must find answers and weather a storm that rivals the hurricanes for which the islands are famous **Flashback Dawn (A Serialized Novel), Part Six:**

"Throw Wide the Gates of Hell" Wayne Kyle Spitzer,2018-02-22 Naaygi found them waiting for her as she somehow knew they would be as the cage doors opened their forward facing eyes glinting the same hue as the lights in the sky and their dark storm colored bodies held absolutely still even as another animal joined them and brought their number to four She even knew somehow what they were that they were a breed of carnosaur the evolved humans had called nanotyrannosaurs the Pygmy Tyrants and that one of them the one with the brand upon its tail the leader even had a name Napoleon for he had been bounced forward and back in time via another alien species well before the Flashback and still bore the scars of his sojourn among the humans She didn t know how she knew these things no more than she knew just where within herself Naaygi ended and they the lights in the sky began She just did just as she knew that the Nano Ts represented a queer offshoot of the dinosaur population that was altogether fleeter and deadlier and cannier than anything that had come before it And thus she bowed to them her avengers her killers their killers the lights in the sky the rain running in rivulets down her body as she dropped to her knees and touched her forehead to the pavement a pavement which ran red with blood and was strewn with the dismembered disemboweled corpses of at least fifty men and women And then she whispered to them in a language older than words Follow me **Flashbacks** Lisa Lane,2014-07-29 She s broke and homeless She s a vegan She s undead Jane has had one hell of a time ever since she bumped into the wrong guy during the Summer of Love but she s taken

it all in stride Wandering from town to town she seeks out the broken and the needy in hopes of breaking the curse that s left her bloodthirsty and forever seventeen In this second novella in the dramatic urban fantasy horror series Jane the Hippie Vampire Jane must face demons from her past when she encounters a long lost friend and a homeless Vietnam veteran with lingering demons of his own *Flashback* J. Hunter,2016-06-07 Laura McClain has screamed herself awake again Her old nightmare is back And now Laura is convinced that someone is following her watching her every move It could just be a coincidence that she and the chillingly memorable man seem to show up at all the same places Perhaps her paranoia is just a result of her deep fear of change After all so much has changed in her life recently To make matters worse Laura is now supposed to travel halfway across the country to take possession of a family estate she has inherited As unnerved as she is with her stalker in St Louis the plantation in Virginia seems even more frightening to Laura And what is a Mormon girl going to do with miles of tobacco crop But then again maybe the family estate holds the secret to why Laura s parents would never talk about their past In hopes of finding clues to this mystery Laura packs her bags and catches a bus to Bufordville a tiny town with more than its fair share of rumors suspicions and deadly secrets Then panic sets in as Laura finds her returning nightmare is in fact a twenty year old reality a reality that could very well repeat itself **Flashback Dawn (A Serialized Novel), Part Five: "The Children's Reich"** Wayne Kyle Spitzer,2018-02-09 The camera whipped back to focus on Dieter behind whom the strange sky lights moved bleeding in and out of each other like globs of wax in a lava lamp Alas even our master race can at times produce aberrations A man or woman of perfect Aryan descent who nonetheless fails to display the proper traits He gestured with his hand as if to say Bring him quickly And such a man will be offered in homage today my friends to placate the beasts that are the sub masters of this new world and to introduce our new allies to how it is that we the new Nephilim do things He nodded slowly as a man was forced writhing and struggling up to the main gate How it is that we have survived even thrived amidst a world that has killed so many And the level of cruelty we expect from any and all who would join us Jesus gods he s talking about a sacrifice thought Charlotte even as another movement caught the corner of her eye She focused on where she d noticed it and saw what appeared to be a tail like a great green dagger before it disappeared behind a stand of cypress trees So too did something move on the opposite side of the lot causing the trees to sway It s like we re being triangulated she thought even as the man was thrown to the muddy ground outside the fence and the gate swung quickly shut
