rise of satellite cable and digital television and new media such as the internet and mobile phone This is the first book to offer a sustained critical analysis of this new cultural development Branding Television examines the industrial regulatory and technological changes since the 1980s in the UK and the USA that have led to the adoption of branding as broadcasters have attempted to manage the behaviour of viewers and the values associated with their channels services and programmes in a world of increased choice and interactivity Wide ranging case studies drawn from commercial public service network and cable satellite television from NBC and HBO to MTV and from BBC and Channel 4 to UKTV and Sky analyse the role of marketing and design in branding channels and corporations and the development of programmes as brands Exploring both successful and controversial uses of branding this book asks what problems there are in creating television brands and whether branding supports or undermines commercial and public service broadcasting Branding Television extends and complicates our understanding of the changes to television over the past 30 years and of the role of branding in contemporary Western culture It will be of particular interest to students and researchers in television studies but also in creative industries and media and cultural studies more generally *David Bowie and the Moving Image* Katherine Reed,2022-12-15 The central image of David Bowie s *Life on Mars* could have been ripped from his own experience a child sits hooked to the silver screen reliving fantastical scenes played out on film Throughout his life Bowie was similarly transfixed by the power of film From his first film role in *The Image* to his final music video before his death *Lazarus* Bowie s musical output has long been intrinsically linked to images Analyzing Bowie s music videos planned film projects acting roles and depictions in film *David Bowie and the Moving Image* provides a comprehensive view of Bowie s work with film and informs our understanding of all areas of his work from music to fashion to visual art It enters the debate about Bowie s artistic legacy by addressing Bowie as musician actor and auteur **Boardwalk Empire A-Z** John Wallace,2012-01-26 As the details of HBO s *Boardwalk Empire* emerged it quickly became the most anticipated programme in the network s history The excitement was understandable not only was the show created by Terence Winter the man behind *The Sopranos* but Martin Scorsese was one of the executive producers and would make a rare crossover to television by directing the pilot Plus the cast was headed by the great Steve Buscemi and included some of the finest character actors in the business whose previous work has included *No Country for Old Men* *This is England* and *The Wire* Now that the prohibition epic has finally hit our screens *Boardwalk Empire* has proven to be every bit as smart brutal and thrilling as had been anticipated Already renewed for a second season it is set to become one of the defining series of the decades This indispensable accompaniment to the show is brimming with fascinating details about the series covering the historical background how the 1920s was reconstructed the realities of filming biographies of key members of the cast and crew and much much more *Eye of the Taika* Matthew Bannister,2021-10-19 Innovative study of Taika Waititi whose Maori and Jewish roots influence his distinctive New Zealand comedic style *Eye of the Taika* New Zealand Comedy and the Films of Taika Waititi is the first book length

study of comic film director and media celebrity Taika Waititi Author Matthew Bannister analyses Waititi's feature films and places his other works and performances short films TV series advertisements music videos and media appearances in the fabric of popular culture The book's thesis is that Waititi's playful comic style draws on an ironic reading of NZ identity as Antipodean camp a style which reflects NZ's historic status as colonial underdog The first four chapters of *Eye of the Taika* explore Waititi's early life and career the history of New Zealand and its film industry the history of local comedy and its undervaluation in favor of more serious art and ethnicity in New Zealand comedy Bannister then focuses on Waititi's films beginning with *Eagle vs Shark* 2007 and its place in New Geek Cinema despite being an outsider even in this realm Bannister uses *Boy* 2010 to address the comedian comedy arguing that Waititi is a comedic entertainer before being a director With *What We Do in The Shadows* 2014 Bannister explores Waititi's use of the vampire as the archetypal immigrant struggling to fit into mainstream society under the guise of a mockumentary Waititi's *Hunt for the Wilderpeople* 2016 Bannister argues is a family friendly rural based romp that plays on and ironizes aspects of Aotearoa New Zealand identity *Thor Ragnarok* 2017 launched Waititi into the Hollywood realm while introducing a Polynesian perspective on Western superhero ideology Finally Bannister addresses *Jojo Rabbit* 2019 as an anti hate satire and questions its quality versus its topicality and timeliness in Hollywood By viewing Waititi's career and filmography as a series of pranks Bannister identifies Waititi's playful balance between dominant art worlds and emergent postcolonial innovations New Zealand national identity and indigenous Aotearoan and Jewish roots and masculinity and androgyny *Eye of the Taika* is intended for film scholars and film lovers alike
