Settler Memory Kevin Bruyneel, 2021-10-20 Faint traces of Indigenous people and their histories abound in American media memory and myths Indigeneity often remains absent or invisible however especially in contemporary political and intellectual discourse about white supremacy anti Blackness and racism in general In this ambitious new book Kevin Bruyneel confronts the chronic displacement of Indigeneity in the politics and discourse around race in American political theory and culture arguing that the ongoing influence of settler colonialism has undermined efforts to understand Indigenous politics while also hindering conversation around race itself By reexamining major episodes texts writers and memories of the political past from the seventeenth century to the present Bruyneel reveals the power of settler memory at work in the persistent disavowal of Indigeneity He also shows how Indigenous and Black intellectuals have understood ties between racism and white settler memory even as the settler dimensions of whiteness are frequently erased in our discourse about race whether in conflicts over Indian mascots or the white nationalist underpinnings of Trumpism Envisioning a new political future Bruyneel challenges readers to refuse settler memory and consider a third reconstruction that can meaningfully link antiracism and anticolonialism

Valdivia, 2000-03 From ads for Victoria s Secret to the character roles of Rosie Perez the mass media have been defining race and femininity In this diverse set of essays Angharad N Valdivia breaks theoretical and methodological boundaries by exploring the relationship of the media to various audiences Throughout A Latina in the Land of Hollywood we are challenged to think differently about the media messages we often unconsciously consume such as the popular representations of certain Latina cultural icons Valdivia shows how reporters focus on Guatemalan activist Rigoberta Mench s big smile Brazilian media magnate Xuxa s blonde hair and Puerto Rican actress Rosie Perez s high pitched voice never quite creating a comprehensive portrayal of these women In her discussion of lingerie catalogs Valdivia uncovers a similarly

skewed depiction The lush high class bedrooms of Victoria s Secret differ as much from the earthy spare world of Frederick s of Hollywood as the types sizes and uses of the lingerie that the two companies sell Valdivia takes a look at family films arguing that single mothers are almost always portrayed as either trappy floozies or sexless hapless women whereas single dads fare much better Whether examining one teenager s likes and dislikes or considering single parenthood in family films Valdivia investigates how popular culture has become the arena in which we struggle to know ourselves and to make ourselves known She calls for scholars to move beyond investigating implicit themes in films and media to studying the ways that audiences of different colors ages genders and sexual preferences might understand or misunderstand such cultural messages A Latina in the Land of Hollywood aims to explode traditional discussions of media and popular culture It is a must read for anyone interested in popular culture television and film
