G F Watts:

G.F. Watts Mrs. Russell Barrington, 1905 **Masters in art** ,1905 **'Race Is Everything'** David Bindman, 2023-07-17

A timely and revealing look at the intertwined histories of science art and racism Race Is Everything explores the spurious but influential ideas of so called racial science in the nineteenth and the first half of the twentieth centuries and how art was affected by it David Bindman looks at race in general but with particular concentration on attitudes toward and representations of people of African and Jewish descent He argues that behind all racial ideas of the period lies the belief that outward appearance and especially skull shape as studied in the pseudoscience of phrenology can be correlated with inner character and intelligence and that these could be used to create a seemingly scientific hierarchy of races The book considers many aspects of these beliefs including the skull as a racial marker ancient Egypt as a precedent for Southern slavery Darwin race and aesthetics the purported Mediterranean race the visual aspects of eugenics and the racial politics of Emil Nolde

The Life-work of George Frederick Watts Hugh Macmillan, 1906 **The World in Paint** David Peters Corbett, 2004 This anonymous manuscript play has long been the subject of scholarly dispute regarding its relationship with Shakespeare's Richard II This edition which thoroughly re-examines the text situates the play within its historical and political context relating it to the genre of chronicle drama to which it belongs The manuscript is of particular interest in that it appears to have been used in the playhouse over a considerable period of time and contains what seems to be evidence of the theatre practice of the time The play is also of special interest for its skilful and original handling of source material which may well have influenced Shakespeare's Richard II The extensive appendices drawn from Holinshed Grafton and Stow provide the reader with the opportunity to investigate the manner in which the dramatist has shaped the material The editors argue for the play's stage worthiness and dramatic complexity suggesting that its range both of dramatic tone and social inclusiveness indicate the work of a dramatist of considerable skill and subtlety equal or superior to the Shakespeare of the Henry VI plays

Representations of G.F. Watts Colin Trodd, 2019-07-16 Originally published in 2004 Once the most popular Victorian artist G F Watts was also a complex and elusive figure Influenced by evolutionary theory he reinterpreted the tradition of the classical body while his philanthropic and educational interests informed projects for a more affective public art This book is the first modern account of the full range of Watts's different artistic interests and practices Offering fresh approaches to his historical allegorical and mythological paintings it also traces his increasingly radical approach to portraiture and sculpture and examines the institutional and biographical factors behind his immense public profile Together the essays present a comprehensive analysis of Watts's work and his vital relationship to the intellectual cultural and social forces of his time

Women, Art and Money in Late Victorian and Edwardian England Maria Quirk, 2019-05-16 Women Art and Money in England establishes the importance of women artists commercial dealings to their professional identities and reputations

in the late nineteenth and early twentieth centuries Grounded in economic social and art history the book draws on and synthesises data from a broad range of documentary and archival sources to present a comprehensive history of women artists professional status and business relationships within the complex and changing art market of late Victorian England By providing new insights into the routines and incomes of women artists and the spaces where they created exhibited and sold their art this book challenges established ideas about what women had to do to be considered professional artists More important than a Royal Academy education or membership to exhibiting societies was a woman s ability to sell her work This meant that women had strong incentive to paint in saleable popular and middlebrow genres which reinforced prejudices towards women s naturally inferior artistic ability prejudices that continued far into the twentieth century From shining a light on the difficult to trace pecuniary arrangements of little researched artists like Ethel Mortlock to offering new and direct comparisons between the incomes earned by male and female artists and the genres commissions and exhibitions that earned women the most money *Women Art and Money* is a timely contribution to the history of women s working lives that is relevant to a number of scholarly disciplines

The Artist as Divine Symbol Adam Edward Carnehl,2023-10-09 In critical yet appreciative dialogue with four different art critics who demonstrated theological sensitivities Adam Edward Carnehl traces an ongoing religious conversation that ran through nineteenth century aesthetics In Carnehl s estimation this critical conversation between John Ruskin Walter Pater and Oscar Wilde culminated in the brilliant approach of G K Chesterton who began his journalistic career with a series of insightful works of art criticism By conducting a close reading of these largely neglected works Carnehl demonstrates that Chesterton developed a theological aesthetic that focuses on the revelation of God s image in every human being In Chesterton s eyes only those made in God s image can produce images themselves and only those who receive a revelation of truth are able to reveal truths for others Art is therefore a rich and symbolic unveiling of the truth of humanity which finds its origin and purpose in God the Divine Artist [Ellen Terry, Spheres of Influence](#)

Katharine Cockin,2015-10-06 In this essay collection established experts and new researchers reassess the performances and cultural significance of Ellen Terry her daughter Edith Craig 1869 1947 and her son Edward Gordon Craig 1872 1966 as well as Bram Stoker Lewis Carroll and some less familiar figures [G.
