This means all finance managers and financial controllers will be responsible not only for understanding IFRS but for making the transition and dealing with implications. Managing the Transition to IFRS Based Financial Reporting is a one stop resource for navigating this major change. Case studies and project management advice help move smoothly from GAAP to IFRS principles and requirements. Managing the Transition to IFRS Based Financial Reporting is the only book on the market that focuses on both the accounting and non accounting implications of IFRS transition. This complete approach will guide you from the history and conceptual basis of IFRS through each stage of the transition process ensuring expert change management and fluid communication from start to finish. Takes a holistic approach covering non accounting implications like educating and communicating IFRS requirements. Provides case studies to illustrate best practices for moving to the new international standards. Provides a framework for planning and executing the entire IFRS transition project. With nearly two decades of financial training experience author Lisa Weaver is imminently qualified to deliver clear concise and understandable content. In addition the reference material and other resources in Managing the Transition to IFRS Based Financial Reporting will help you simplify the transition and take advantage of all the benefits IFRS reporting confers.
