Le Parlement Des Invisibles:

Le parlement des invisibles Pierre Rosanvallon, 2014 Une impression d'abandon exaspère aujourd'hui de nombreux Français. Ils se trouvent oubliés, incompris, pas comptés. Le pays en un mot ne se sent pas représenté. Le projet Raconter la vie dont cet essai constitue le manifeste a l'ambition de contribuer à sortir de cet état inquiétant qui mine la démocratie et le courage des individus. Pour remédier à cette mauvaise représentation, il veut former par le biais d'une collection de livres et d'un site internet participatif l'équivalent d'un Parlement des invisibles. Il répond ainsi au besoin de voir les vies ordinaires raconter les voix de faible ampleur, celles de la réalité quotidienne prise en compte. L'entreprise Raconter la vie ouvre un espace original d'expérimentation sociale et politique autant qu'intellectuelle et littéraire.

Le parlement des invisibles Pierre Rosanvallon, 2020-01-09 The Populist Century Pierre Rosanvallon, 2021-11-12 Populism is an expression of anger its appeal stems from being presented as the solution to disorder in our times. The vision of democracy, society and the economy it offers is coherent and attractive. At a time when the words and slogans of the left have lost much of their power to inspire, Pierre Rosanvallon takes populism for what it is: the rising ideology of the twenty-first century. In *The Populist Century* he develops a rigorous theoretical account of populism, distinguishing five key features that make up populist political culture; he retraces its history in modern democracies from the mid-nineteenth century to the present and he offers a well-reasoned critique of populism, outlining a robust democratic alternative. This wide-ranging and insightful account of the theory and practice of populism will be of great interest to students and scholars in politics and the social sciences and to anyone concerned with the key political questions of our time.

Parliamentarism and Encyclopaedism Giovanni Rizzoni, 2024-02-08 This book explores a specific aspect of modern parliamentarism: its ability to produce and organise political knowledge. The book argues that the very meaning of modern parliamentarism cannot properly be understood without considering the cognitive value which is inherent in the representative function discharged by parliaments vis-à-vis the political community. It does so by studying the encyclopaedic patterns underlying modern parliamentarism. Exploring the concept from ancient times to modernity, it addresses the fundamental question of the relationship between knowledge and democratic decision-making. This is a truly innovative book, challenging, provocative and asking crucial questions of how parliaments work and legislate.

Good Government Pierre Rosanvallon, 2018-03-09 Faced with government's ineptitude, people are attracted to strong leaders and bold action. As Pierre Rosanvallon demonstrates, presidentialism may reflect the particular concerns of today, but its many precursors show that democracy has always struggled with tension between popular government and concentrated authority.

Pierre Rosanvallon's Political Thought Oliver Flügel-Martinsen, Franziska Martinsen, Stephen W. Sawyer, Daniel Schulz, 2019-01-29 The work of Pierre Rosanvallon has increasingly found itself at the center of debates in democratic and political theory, although only few of his numerous monographs have thus far been translated from French. This interdisciplinary volume, the first comprehensive collection on

his political thought in English seeks to lay the groundwork for the study of this eminent political thinker and historian Following a hitherto untranslated opening essay by Rosanvallon the chapters written from a variety of disciplinary perspectives including political theory political science philosophy and history cover a wide range of topics from the history of democracy to sovereignty populism and the function of the press in liberal democratic regimes

Theory in the "Post" Era Christian Moraru, Andrei Terian, Alexandru Matei, 2021-08-26 Shortlisted for the AATSEEL 2022 Award for Best Edited Multi Author Scholarly Volume AATSEEL is The American Association of Teachers of Slavic and East European Languages Theory in the Post Era brings together the work and perspectives of a group of Romanian theorists who discuss the morphings of contemporary theory in what the editors call the post era Since the Cold War s end and especially in the third millennium theorists have been exploring the aftermath and sometimes just the after of whole paradigms the crisis or passing of anthropocentrism the twilight of an entire ontological and cultural condition as well as the corresponding rise of an antagonist model of an anti meta or neo alternative with examples ranging from posthumanism and post postmodernism to post aesthetics postanalog interpretation or digicriticism post presentism post memory post or neo critique and so forth It is no coincidence the contributors to this volume argue that this post moment is also a time when theory is practiced as a world genre If theory has always been a worlded enterprise a quintessentially communal cross cultural and international project this is truer at present than ever Perhaps more than other humanist constituencies today s theorists work and belong in a theory commons that is transnational if still uneven economically politically and otherwise Theory in the Post Era reports the results of Romanian theory experiments that join efforts made in other places to foster a theory for the post age

Democracy of Expression Andrew T. Kenyon, 2021-06-17 Free speech has positive dimensions of enablement and negative dimensions of non restraint both of which require protection for democracy to have substantial communicative legitimacy In Democracy of Expression Andrew Kenyon explores this need for sustained plural public speech

linked with positive communicative freedom Drawing on sources from media studies human rights political theory free speech theory and case law Kenyon shows how positive dimensions of free speech could be imagined and pursued While recognising that democratic governments face challenges of public communication and free speech that cannot be easily solved Kenyon argues that understanding the nature of these challenges including the value of positive free speech at least makes possible a democracy of expression in which society has a voice formulates judgments and makes effective claims of government In this groundbreaking work Kenyon not only reframes how we conceptualize free speech but also provides a roadmap for reform

Les populismes d'hier à aujourd'hui France Giroux, André Mineau, 2021-05-03 Le populisme est un phénomène culturel et politique polysémique qui revêt une importance considérable de nos jours Mais il n'est pas nouveau bien au contraire On en retrace l'évolution à partir du XIX^e siècle alors qu'il s'est développé dans les contextes sociopolitiques par ailleurs différents de la Russie de l'Allemagne de la France et des États-Unis Au XX^e siècle il a atteint des sommets traversés par la genèse et le développement des fascismes Mais si l'on remarque la pause dans les décennies qui ont suivi la conclusion de la Seconde Guerre mondiale il est revenu en force lors des vingt dernières années au cours desquelles il a pu prospérer grâce à une conjoncture redevenue favorable cet regard on doit remarquer que le populisme a tendance à croître dans un contexte où se conjuguent différents phénomènes relatifs ce qu'il est convenu d'appeler la mondialisation exportation des capitaux et des emplois précarité et incertitude dissolution des identités culturelles indifférence présumée d'une classe politique coupée des vrais problèmes et surgence des nationalismes primaires

etc Plusieurs questions cruciales surgissent alors comment de nos jours les populismes de droite intègrent-ils les vieux préjugés charriés par l'anti-intellectualisme Assistons-nous comme certains le croient à un retour des années 1930 ? Y a-t-il un rapport entre la montée des populismes et le durcissement de la rectitude politique Si de nombreuses manifestations du populisme sont de toute évidence droites existe-t-il un populisme de gauche Et qu'en est-il du Qu'bec dans tout cela Cet ouvrage collectif n'est au service d'aucun militantisme partir de la complémentarité des perspectives des sciences humaines et de la philosophie il se propose d'analyser certaines facettes de l'univers complexe du populisme d'hier et d'aujourd'hui Il réunit en ce sens plusieurs contributions inédites

Popularisation and Populism in the Visual Arts Anna Schober, 2019-08-30 This book investigates the pictorial figurations aesthetic styles and visual tactics through which visual art and popular culture attempt to appeal to all of us One key figure these practices bring into play the everybody which stands for all of us and is sometimes a new man or a new woman is discussed in an interdisciplinary way involving scholars from several European countries A key aspect is how popularisation and communication practices which can assume populist forms operate in contemporary democracies and where their genealogies lie A second focus is on the ambivalences of attraction i.e. on the ways in which visual creations can evoke desire as well as hatred

La promesse démocratique Frédéric Gilli, 2022-02-09 Un monde s'invente sous nos yeux qui semble nous chapper Qu'il s'agisse du climat de la globalisation de la crise sanitaire ou du numérique ces questions nouvelles suscitent une défiance inédite envers les systèmes démocratiques dont on trouve les chocs dans les records d'abstention la crise des Gilets Jaunes et les manifestations contre le passe sanitaire Les modèles forgés au fil des quatre derniers siècles semblent puisés La voie d'un dépassement existe pourtant nous n'avons même jamais été aussi proches de réaliser la promesse démocratique d'une émancipation individuelle et collective et d'une maîtrise de nos vies et notre avenir En partant du constat qu'il y a un cart manifeſte entre les discours propagés sur le retrait des citoyens de tous les espaces politiques et le fait que sur le terrain les Français n'ont presque jamais fait autant de politique cet ouvrage présente un tout autre visage des citoyens esquisſant une façon différente de gouverner nos sociétés Un ouvrage la fois ſans concession ſur le diagnostic mais aſſiſtſ optimiſte ſur la poſſibilitſ d'inventer une iſſue et poſteur d'eſpoir
