Zientek, 2024-02-13 Beginning in the fall of 1914 every French soldier on the Western Front received a daily ration of wine from the army At first it was a modest quarter litre but by 1917 it had increased to the equivalent of a full bottle each day The wine ration was intended to sustain morale in the trenches making the men more willing to endure suffering and boredom The army also supplied soldiers with doses of distilled alcohol just before attacks to increase their ferocity and fearlessness This strategic distribution of alcohol was a defining feature of French soldiers experiences of the war and amounted to an experimental policy of intoxicating soldiers for military ends *A Thirst for Wine and War* explores the French army s emotional and behavioural conditioning of soldiers through the distribution of a mind altering drug that was later hailed as one of the army s fathers of victory The daily wine ration arose from an unexpected set of factors including the demoralization of trench warfare the wine industry s fear of losing its main consumers and medical consensus about the benefits of wine drinking The army s related practice of distributing distilled alcohol to embolden soldiers was a double edged sword as the men might become unruly The army implemented regulations and surveillance networks to curb men s drinking behind the lines in an attempt to ensure they only drank when it was useful to the war effort When morale collapsed in spring 1917 the army lost control of this precarious system as drunken soldiers mutinied in the thousands Discipline was restored only when the army regained command of soldiers alcohol consumption Drawing on a range of archives personal narratives and trench journals *A Thirst for Wine and War* shows how the French army s intoxication of its soldiers constituted

a unique exercise of biopower deployed on a mass scale

World War I and the Cultures of Modernity, The essays collected here chart the war and its cultural and literary contours from a variety of new and challenging intellectual vantage points Focusing in different essays on America France Britain and Germany the contributors to this book contest the long accepted argument about World War I as the crucible of modern life Instead their interrogations of the trench experience home front conditions forms of mass culture and literary genres reveal that the war was as much a moment of cultural opportunity as it was the point of origin for modern society or its cultural forms

L'Argot des Poilus, 1972 The French in Love and War Charles Rearick, 1997-01-01 Describes developments in French popular culture between 1914 and 1945 and argues that the harsh times led to the emergence of images glorifying the common Frenchman in songs film and popular literature

L'argot des poilus François Déchelette, 1918 Marché Noir Kenneth Mouré, 2023-03-23 Kenneth Mour shows how the black market in Vichy France developed not only to serve German exploitation but also as an essential strategy for survival for commerce and consumers His analysis explains how and why the black market became so prevalent and powerful in France and remained necessary after Liberation March Noir draws on diverse French archives as well as diaries memoirs and contemporary fiction to highlight the importance of the black market in everyday life Vichy's economic controls set the context for adaptations by commerce facing economic and political constraints and by consumers needing essential goods Vichy collaboration in this realm seriously damaged the regime's legitimacy March Noir offers new insights into the dynamics of black markets in wartime and how illicit trade in France served not only to exploit consumer needs and increase German power but also to aid communities in their strategies for survival

Representations of Marginalized Populations in French WWI Literature Kathy Comfort, 2023-11-13 Comfort examines the works of five Francophone authors who wrote about World War I Maxence Van der Meersch's *Invasion 14* Colette's war reporting Bakary Diallo's *Force Bont* Blaise Cendrars's *La Main coupée* and Roland Dorgelès's *Le Rêve des morts* Engaging in a close reading she analyzes what makes these literary works unique and what they all have in common These are the stories of groups who have remained on the margins of the World War I narrative women and children French West African colonial troops wounded veterans and French Foreign Legionnaires whose stories have been overshadowed by those of the infantrymen in the trenches who are often the heroes of the conventional French World War I novel Informed by trauma studies as well as literary history Comfort's reading of these works enhances our understanding of the way the Great War affected those away from the front lines and thus contributes to the decentering of the French World War I narrative This book is of interest to scholars of twentieth century French literature culture and history

French Wine Rod Phillips, 2020-04-07 A fascinating book that belongs on every wine lover's bookshelf The Wine Economist It's a book to read for its unstoppable torrent of fascinating and often surprising details Andrew Jefford Decanter For centuries wine has been associated with France more than with any other country France remains one of the world's

leading wine producers by volume and enjoys unrivaled cultural recognition for its wine. If any wine regions are global household names they are French regions such as Champagne, Bordeaux and Burgundy. Within the wine world, products from French regions are still benchmarks for many wines. French Wine is the first synthetic history of wine in France from Etruscan, Greek and Roman imports and the adoption of wine by beer-drinking Gauls to its present status within the global marketplace. Rod Phillips places the history of grape growing and winemaking in each of the country's major regions within broad historical and cultural contexts. Examining a range of influences on the wine industry, wine trade and wine itself, the book explores religion, economics, politics, revolution and war as well as climate and vine diseases. French Wine is the essential reference on French wine for collectors, consumers, sommeliers and industry professionals. Violette Tania Szabó, 2015-07-06. SOE agent Violette Szabó was one of the most incredible women who operated behind enemy lines during the Second World War. The daughter of an English father and French mother and widow of a French army officer, she was daring and courageous, conducting sabotage missions, being embroiled in gun battles and battling betrayal. On her second mission, she was captured by the Nazis, interrogated and tortured, then deported to Germany where she was eventually executed at Ravensbrück concentration camp. Violette was one of the first women ever to be awarded the George Cross and her fascinating life has been immortalised in film and on the page. Written by her daughter, Violette formerly Young Brave and Beautiful, reveals the woman and mother behind this extraordinary hero. **Les poilus ont la parole** Jean Nicot, 2003. À partir de décembre 1916, le service du contrôle postal reçoit l'instruction de sonder la correspondance de chaque unité combattante afin de connaître l'état moral des troupes. Ces lettres de poilus recopiées par les services de censure sont autant de témoignages sur la vie quotidienne au front et d'interrogations sur le bien-fondé de la poursuite de la guerre. **History of the American Field Service in France: The camion sections. Appendices** James William Davenport Seymour, 1920. **Bulletin des armées de la République**, 1915. History of the American Field Service in France: The ambulance sections [ten-seventy-two] Field service haunts and friends, 1920. **Les poilus** Joseph Delteil, 1926. **Le Rire**, 1915. *La Petiote* Alain Cuvillier, 2020-10-23T00:00:00Z. Une histoire familiale travers la transmission d'un vignoble de prestige dans le village de Saint-Milion. Dans le milieu de la viticulture, où l'homme est dominant, l'herbivore doit s'affirmer. Mais la Petiote a du caractère. Le sang de la vigne coule dans ses veines. Gare celui qui osera lui tenir tête. Ce roman est une ode dédiée aux viticulteurs qui ont l'amour de leur terre et la font fructifier pour en tirer le nectar qui satisfera le palais des connaisseurs. C'est aussi un combat contre la finance qui veut s'approprier l'or rouge issu du savoir-faire ancestral de plusieurs générations de paysans.
