Le Rapport Beveridge:

Les grandes étapes de l'histoire économique Yves Carsalade, 2002 *Pauvreté et inégalités en Grande-Bretagne, 1942-1990* Antoine Capet, Philippe Romanski (dir.), Aïssatou Sy-Wonyu (dir.), 2001 Le 20^e siècle semble traverser derrière lui des valeurs et des réalités qu'il pensait combattre jamais. Ingalité et pauvreté n'étaient donc pas plus envisageables depuis au moins deux siècles et le Royaume-Uni semblait porter les espoirs de cette renaissance. Depuis 1942, d'aucuns affirment que le processus de richesse, d'incapacité, de pauvreté est un des plus stables du pays. Qu'en est-il au juste? Le recueil bilingue anglais-français apporte sa contribution au débat.

Discourse on Inequality in France and Britain John Edwards, Jean-Paul Révauger, 2018-10-03 Published in 1998 this volume consists of 16 edited papers presented at an Anglo-French conference on inequality in France in March 1997. The purpose of this book is to bring together ideas and perceptions of inequality in the two countries across several areas including multi-ethnicity, education, social work, housing and health presented by experts in these fields and in cultural studies. The purpose is not comparative in the traditional sense but rather to analyze the different meanings and conceptions that apply to inequality in France and Britain and to demonstrate how these differences affect policies as well as what is considered to be legitimate grounds for policy intervention. This approach to social policy in Europe pays attention to the cultural meanings of concepts like inequality and demonstrates that comparative social policy can only be properly productive when it acknowledges that key words like poverty, inequality, citizenship, social rights and insertion/exclusion carry with them quite different ideological, moral and social meanings in two countries such as Britain and France.

The International Legal Order in the XXIst Century / L'ordre juridique international au XXI^{ème} siècle / El orden jurídico internacional en el siglo XXI Jorge E. Viñuales, Andrew Clapham, Laurence Boisson de Chazournes, Mamadou Hébié, 2023-11-13 This collection of essays celebrating the work of Professor Marcelo Kohen brings together the leading scholars and practitioners of public international law from different continents and generations to explore some of the most challenging issues of contemporary international law. The volume is a testimony of esteem and friendship from colleagues and former students and it covers a vast expanse reflecting the width and diversity of Professor Kohen's own contribution. Written in English, French and Spanish, the essays in this volume will appeal to a broad public of academics, practitioners and students of international law from around the world.

Networks of Global Governance Francesco Petrini, 2014-06-02 Including several contributions from an international group of historians and experts of international relations, this book analyses the relationship between the United Nations and European integration. The book, which covers from 1945 to the present, is organised into three sections, each dedicated to a different phase of the integration process during which EU-UN relations had a different character. The essays of the first section deal with the 1950s and 1960s and show the active part played by UN bodies in shaping the integration process. In the second part, covering the 1970s and 1980s, it is the European Community which is shown to have had a visible impact on the life and the decision-making process of several UN bodies. Finally, the third

part of the book on the post Cold War years describes a more complex situation characterised by new geopolitical responsibilities of the European Union but also by its deep internal transformations due to several treaty revisions and the enlargement to Eastern Europe. Thus dynamics similar to those described in the first section return with UN bodies shaping some of the internal rules of the EU but these coexist with strengthened European activity in the United Nations in some cases leading to real partnerships.

The Future of Social Welfare Systems in Canada and the United Kingdom Institute for Research on Public Policy, 1987 Informed observers and policy makers are well aware that in recent years social welfare systems on both sides of the Atlantic have been subject to growing scrutiny debate and controversy especially due to high unemployment rates and extreme interest rates experienced during the last recession as well as important demographic changes such as the increase of women into the labour market and the aging population. The papers included in the colloquium discuss the situation of social welfare policy in three stages: historical developments and forces for change, the influence of the political process on social security developments and the nature of policy responses to demographic change.

Histoire du Royaume-Uni Bernard Cottret, 2001

Le poids des années de guerre Antoine Capet, 1991 C'est la thèse du poids des années de guerre menant au consensus d'après guerre que l'auteur soumet ici. Un examen critique. Sans nier l'existence d'un esprit de Dunkerque qui gagne soudain certains membres des classes dirigeantes, la cause de la réforme sociale il attire l'attention sur toutes les reticences qui apparaissent dès la fin de 1942 pour prendre davantage d'ampleur, mesure que les périls extérieurs s'éloignent. Sa thèse invite par conséquent le lecteur à considérer que le Thatcherisme des années 1980 n'est en rien une rupture dans l'évolution supposée des classes dirigeantes britanniques vers un interventionnisme redistributeur mais est déjà contenu en germe dans les réserves qui accompagnent chez les conservateurs de 1945 ou de 1951 l'acceptation du keynésianisme et de la mentalité Beveridge, alors qu'ils sont fort sensibles aux sirènes d'un Hayek avec sa haine de tout ce qui peut ressembler au socialisme.

EISS Yearbook 1980-1981 Part I / Annuaire EISS 1980-1981 Partie I Eiss, 2013-06-29 The conference of our European Institute for social security was held from the 16th till the 19th of October 1980 in Perugia. As usual the theme of the Conference was the same of that of the preparatory Colloque held in Brussels in 1979: Social security reforms in Europe. The reports of that Colloque were published as Part I of the Yearbook 1978-1980. Part I of the Yearbook 1980-1981 contains the reports presented in Perugia. The reports are focussed on three items: The financing of social security (J. P. Launay, Jan B. M. Pierik, J. rn Henrik Petersen and Guy Perrin), The social benefits (Bernd Schulte and Sven Guldberg) and The organization of social security (A. J. Ogus, A. Berenstein and Jef van

Langendonck The Yearbook contains also two national reports M Magrez and Asbjørn Kjønstad not available to be included in Yearbook I I 1978 1980 Finally the Yearbook contains a report from Guy Perrin on the social security problems of migrant workers and the synthesis report of Pasquale Sandulli It is a pity that we could not include the report of Lucia Vitali Le prestazioni per invalidità nel sistema italiano di sicurezza sociale un'analisi economica and the report of the Region of Umbria since there was no English or French translation available The Institute once again wants to express its sincere gratitude to Pasquale Sandulli and his colleagues for the adequate way in which they organized the conference
