*States of Decadence* Guri Barstad, Karen P. Knutsen, 2016-12-14 *States of Decadence* is a two volume anthology that focuses on the literary and cultural phenomenon of decadence Particular attention is given to literature from the end of the 1800s the fin de siècle however the essays presented here are not restricted to this historical period but draw lines both back in time and forward to our day to illuminate the contradictory multiplicity inherent in decadence Furthermore the essays go beyond literary studies drawing on a number of the tropes and themes of decadence manifested in the arts and culture such as in music opera film history and even jewelry design

*Montmartre* Nicholas Hewitt, 2017 *Montmartre A Cultural History* offers an engaging tour of one of the most fascinating areas of Paris exploring a rich history from the Belle Epoque to the Occupation The work explores many iconic areas of Paris such as the Moulin Rouge and Sacre Coeur

*Hitler's Vineyards* Christophe Lucand, 2020-02-19 Fascinating Detailed well written and controversial Lucand's history of France and its wine during the Nazi Occupation is an unexpected treat The Wine Economist During the Second World War French wine was hardly a trivial product Indeed following the Fall of France it proved to be one of the most valuable French commodities in the eyes of the Nazi leaders In 1940 Weinfrhrer official delegates and wine experts appointed by Berlin were sent to all the wine regions of France to coordinate the most intense looting that the country had ever seen Alongside the very ambiguous relationship of the Vichy Regime and the collaboration of many French professionals with the occupiers this immense program of wine collection was a drama that many would prefer to forget Now more than seventy years after the end of the conflict the time has come to tell the story of what really happened Following a meticulous investigation and relying exclusively on previously unpublished sources Christophe Lucand reveals the history of the world of French wine that was subjected to the tests of war occupation and of all the compromises this entails The author has walked the line with sensitivity and provided a balanced review of this very painful time for French winemakers

*Firetrench* *Classics Pamphlet Collection*, 1907

*Loiterature* Ross Chambers, 1999-01-01 The fabric of the western literary tradition is not always predictable In one wayward strand waywardness itself is at work delay becomes almost predictable triviality is auspicious and failure is cheerfully admired This is loiterature *Loiterature* is the first book to identify this strand to follow its path through major works and genres and to evaluate its literary significance By offering subtle resistance to the laws of good social order loiterly literature blurs the distinctions between innocent pleasure and harmless relaxation on the one hand and not so innocent intent on the other The result is covert social criticism that casts doubt on the values good citizens hold dear values like discipline organization productivity and above all work It levels this criticism however under the guise of innocent wit or harmless entertainment *Loiterature* distracts attention the way a street conjurer diverts us with his sleight of hand If the pleasurable has critical potential may not one of the functions of the critical be to produce pleasure The ability to digress Ross Chambers suggests is at the heart of both and loiterature's digressive waywardness offers something to ponder for
